

Warn Winches

As the photos you see on these pages testify, there's hardly a strip of land on this planet that can't be accessed by vehicles that go prepared. Scramps. Boulder fields. Volcanoes. You name it, Warn winches have helped off-roadiers escape it.

If there is a cutting edge in off-road recovery products, Warn continuously finds itself there. It's a reputation we've worked hard to cultivate. And one which is upheld

again this year. With a stunning array of ultra-dependable, high quality, high speed winches.

Quite simply, when a better winch is to be built, Warn will build it. Period. We make it a point to listen to what people are saying in the field, and address their needs in our products. It pretty much boils down to fast line speed on take up and retrieval. And reliability. After all, who wants to be the last one to head for home without a Warn Winch?

HS9500i Self-Recovery Winch

The High Speed 9500i is a hit after its first year. This special planetary gear train design achieves the perfect balance of speed and efficiency. You get fast retrieval across the full work range. Optimum torque. A brute of a winch.

47959 (12V DC), 47962 (24V DC, CB)

XD9000i Self-Recovery Winch

You'll probably see more XD9000i winches on trail rigs than any other winch. No load line speed of 38 feet per minute and three-stage planetary gearing are just a few reasons why. It's also a terrific fit in a hidden mounting system.

PN 37959 (12V DC)
37962 (24V DC, CB)
37963 (24V DC, CB)

X8000i Self-Recovery Winch

Little brother of the XD9000i, with many of the same features. With its 4.8 hp Series Wound™ motor and our proven three-stage planetary gearing, it delivers a no-load line retrieval speed of 42 feet per minute. The full-load pull rate is over 8 ft. per minute. Plus its integrated control pack and direct drive cone braking system are reliable and quiet.

PN 28401 (12V DC), 284012 (24V DC, CB)

INTEGRATED CONTROL PACK
The Warn i series features an all metal housing, which protects the winch's electrical components. The winch's self cage protects you.

REMOTE CONTROL
Allows operation from a safe distance.

Warn 90operators Manual
