## Introduction

The TEAS® Study Manual, now comprehensive for the Test of Science and English (TEAS), this book provides you with an overview of the content and skills included on the TEAS along with suggestions for effectively preparing for the test. First, this guide will outline the parts of the test. The TEAS covers a broad range of essential skills in reading, math, science, and English and language usage that you have developed over the course of your academic career. Next, this guide will help you create a study plan to prepare for each subject area. Finally, this study guide provides lessons covering each discipline of the TEAS test plan. Lessons include examples, diagrams, and graphic organizers to help you master key ideas. Each lesson ends with practice questions similar to those you will encounter on the TEAS. A detailed explanation of the correct answer for each question is also included to ensure you understand key concepts that will appear on the TEAS.

### TEAS SUBJECT AREAS

The TEAS test was designed for health science students to measure the academic preparedness of prospective students. Questions on the TEAS assess student knowledge of key disciplines that address topics presented in grades 7 to 12. The disciplines include skills and concepts that health science programs believe are most important for success in health science programs. The disciplines cover the academic subject areas of:

- Reading
- Math
- Science
- English and Language Usage

The 12 lessons in this manual provide preparation for each of the key disciplines of the TEAS. Keep in mind that the examples provided in the manual are not comprehensive. They do not include all of the possible concepts appropriate for the discipline. The diagrams do, however, provide a clear overview of the content and skills you will encounter on the TEAS.

### TEAS QUESTIONS

The TEAS is composed of five tests that include 100 scored practice items. The majority of which are four options, multiple-choice questions. With the introduction of the TEAS 7.0 test plan in 2024, additional item types will start to be incorporated into the test. These include:

- Multiple select (select all that apply)
- Supply answer (20 in the TEAS 7.0 test; currently optional)
- Ordering (one option in the correct sequence)
- Drag and drop (in use as an image)

The test is available in both paper and pencil multiple-choice questions only and computer-administered formats. Questions from the four subject areas are grouped in separate sections, and each test is reported by separate score line. The following table provides the number of questions and time limits for each section of the TEAS, listed in order of administration.

| Subject Area               | Number of Questions      | Test Limit |
|----------------------------|--------------------------|------------|
| Reading                    | 40 questions (8 percent) | 50 min     |
| Mathematics                | 30 questions (6 percent) | 50 min     |
| Science                    | 30 questions (6 percent) | 50 min     |
| English and Language Usage | 20 questions (4 percent) | 20 min     |

**Total** 120 questions (24 percent) 200 min

Questions in each subject area are represented by the test topics being assessed. There are a set number of questions for each key topic. The following table shows the number of scored questions for each key topic.

| Subject Area/Topic/Key Topics                             | Number of Questions |
|---|---------------------|
| Reading   | 40                  |
| Math (two test forms)                                     | 30                  |
| Math and science  | 5                   |
| Integration of knowledge and ideas                        | 15                  |

| Using language and vocabulary to express ideas in writing | 15                  |

### TAKING THE TEAS

The TEAS is administered in a standardized environment across by a proctor. The proctor will ensure that all testing protocols are strictly followed.

For the most updated information about registering for and taking the TEAS, visit [www.atischools.org/teas](https://www.atischools.org/teas). This is the best source for current information based on the needs of administrators that you will be using.

### WHAT TO BRING

- Photo ID: To be admitted to your testing session, you will need to present proper photo identification, such as a driver's license, passport, or government ID. You will not be admitted or be able to take the test if your ID does not meet the following requirements: government-issued, current photograph, accurate signature, and permanent address. A credit card photo or a student ID does not meet the criteria.
- Writing Instruments: Be sure to bring two sharpened No. 2 pencils with attached erasers. The proctor cannot sharpen pencils for you.
- IDB Key: If you are using the IDB key, you will need to bring it with you. The IDB key is a small device that connects to the computer and allows you to take the test.

### WHAT NOT TO BRING

Do not bring any of the following items to the testing session:

- No cell phones, smart phones, or any other electronic devices.
- No calculators.
- No personal items, including bags, backpacks, or coats.
- No electronic devices, including smart phones, tablets, or laptops.
- No food or drink.
