Fishy Riot Lindsey Black,2017-04-24 Most people think riot squad officer Taylor Jameson is an asshole Little do they know his apparent indifference stems from having a meddlesome family always butting into his business And little does Taylor know he s about to stumble into a situation that ll make indifference impossible When everything goes horribly wrong at a political rally on a harbour ferry Taylor encounters Sietta Salisbury The son of a wealthy politician Sietta is a revered but presumed dead musician and an enigma who is so strange Taylor is compelled to look into his background What he discovers draws him into a bizarre mess of prisoners politics and attempted murder that makes him realise what he s been missing Falling in love isn t hard Trying to convince someone else you re worth loving despite your crazy family and the people trying to kill you That s a whole other can of worms

Arlosoroff Shlomo Avineri,2021-05-06 Chaim Arlosoroff 1899 1933 socialist Zionist leader and theorist was born in Russia and educated in Germany He was one of the leaders of the Labour Zionist Party Mapai and following his emigration to Palestine in the 1920s he became the head of the political department of the Jewish Agency for Palestine the Foreign Minister of the Jewish state in the making His reputation grew rapidly and his many articles and speeches were soon treated as blueprints for the socialist ideals of a Jewish state He was bitterly opposed to the Revisionist principles of Jabotinsky and his movement At the age of thirty four Arlosoroff was assassinated while walking with his wife along the beach in Tel Aviv His murder marked a turning point in modern Zionist history polarizing attitudes between left and right wing Zionists in Palestine and the Diaspora and creating an ideological rift parallel only to the impact of the Dreyfus Affair on French Politics After his death Arlosoroff became a symbol of the socialist Zionist movement He was an intellectual of the first order and an original social thinker He had a number of books to his name in such fields as socialist and anarchist thought economic history Jewish social studies financial theory and social analysis His writings and ideas set the scene for the final struggle towards and independent Jewish state in Palestine and time has proved him to be extraordinarily prophetic

Mobility to Accessibility Jonathan Levine, Joe Grengs, Louis A. Merlin, 2019-11-15 Levine Grengs and Merlin marshal a compelling case to shift to accessibility oriented planning providing much needed conceptual clarity as to what accessibility is and is not But their book also represents a major step toward transforming accessibility from a vaguely defined aspiration into concrete measures that can guide planning decisions Journal of the American Planning Association In *From Mobility to Accessibility* an expert team of researchers flips the tables on the standard models for evaluating regional transportation performance Jonathan Levine Joe Grengs and Louis A Merlin argue for an accessibility shift whereby transportation planning and the transportation dimensions of land use planning would be based on people s ability to reach destinations rather than on their ability to travel fast Existing models for planning and evaluating transportation which have taken vehicle speeds as the most important measure would make sense if movement were the purpose of transportation But it is the ability to reach destinations not movement per se that people seek from their transportation systems While the concept of accessibility has been around for the better part of a century *From Mobility to Accessibility* shows that the accessibility shift is compelled by the fundamental purpose of transportation The book argues that the shift would be transformative to the practice of both transportation and land use planning but is impeded by many conceptual obstacles regarding the nature of accessibility and its potential for guiding development of the built environment By redefining success in transportation the book provides city planners decisionmakers and scholars a path to reforming the practice of transportation and land use planning in modern cities and metropolitan areas *Radio Broadcast* ,1929
