Night of the Ghoul Scott Snyder, 2023-07-04

A dazzling work of horror intercutting between the present day and the story of a lost film. Horror masters Scott Snyder, American Vampire, Wytches, and Francesco Francavilla, Afterlife with Archie, collaborate for the first time. This graphic novel is a bold and bloody reimagining of horror monsters that celebrates classic creature features while creating an unsettling and contemporary new kind of horror story. Horror film obsessive Forest Inman stumbles across a seemingly forgotten canister of old footage. Thinking he has found the legendary unreleased would-be classic 1936 film *Night of the Ghoul*, he sets off on a dark odyssey to the California desert where he's warned that the film's ghoul is far more than a work of fiction; it's a very real monster who plans to kill him. It was said to be the greatest horror movie in cinematic history. Shot in 1936, *Night of the Ghoul* by writer-director T.F. Merritt was meant to sit beside *Frankenstein* and *Dracula* as an instant classic. But the legendary film never made it to the silver screen. Just before editing was finished, a mysterious studio fire destroyed the footage and killed the cast and crew. Celebrating at wrap party, rumors of the doomed film's greatness persist to this day, but no footage from it was ever recovered. Until now. Forest Inman is a horror film obsessive who digitizes old films for the famed Aurora movie studio. When Forest stumbles across a seemingly forgotten canister of footage, he just might have discovered the remnants of the lost classic *Night of the Ghoul*. This discovery sends Forest on a dark odyssey to the California desert where he's warned by a mysterious old man that the film's ghoul is far more than a work of fiction; it's a very real monster who plans to kill him.

Collects *Night of the Ghoul* 1-3, originally published by Comixology and republished as single issues by Dark Horse.
