Analysis is exactly what one should expect from this expert on futures. The book is comprehensive, thoroughly insightful, and highly educational. I recommend it to the beginner as well as the expert. Leo Melamed, Chairman, Sakura Dellscher Inc. Jack Schwager possesses a remarkable ability to extract the important elements of complex market timing approaches and distill that into something intelligible and useful. Not only is he able to present these ideas cleverly in an easily understood format, but he also demonstrates their application to the markets with clarity and precision. Thomas R. DeMark, Author, *The New Science of Technical Analysis*. Jack Schwager's book *A Complete Guide to the Futures Markets* was one of the best books I have read on futures trading. We give a copy of it to all our new analysts. Jack's latest work, *Technical Analysis*, looks like a gold mine of information, adding significantly to the existing investment literature. Monroe Trout, President, Trout Trading Management Co. Jack Schwager is one of the most important and visible figures in the futures industry today. His *Market Wizards* and *The New Market Wizards* are two of the bestselling finance titles of all time. Now in the latest volume in the Schwager on Futures series, *Technical Analysis*, Schwager has created the most comprehensive guide ever for using technical analysis for futures trading. What makes *Technical Analysis* unique, besides its in-depth coverage, is that it is written from a trader's perspective. Schwager doesn't merely cover the subject; he explores what works and doesn't work in the real world of trading. Contains a comprehensive guide to chart analysis, written with a particular focus on trading applications. Includes a separate 200-page section illustrating the use of chart analysis in the real world. Details and illustrates several original trading systems. Includes a self-contained primer on cyclical analysis. Describes popular oscillators, the pitfalls in their common use, and guidelines to their successful application in trading. Explains the concept and use of continuous futures and compares 10-year continuous futures charts with conventional nearest futures charts for all major U.S. futures markets. Contains a section on trading strategy and philosophy, including over 100 trading tips. Hundreds of charts, tables, and examples illustrate key points throughout, while the text is written in the informative, insightful, and nontechnical style that has made Jack Schwager one of the most highly regarded and bestselling investment authors ever. This invaluable book by one of the world's foremost authorities is destined to become the premier industry guide on technical analysis for many years to come.
