Shhh Happens Dog Behavior 101:

AKC Gazette, 1999 *Dog Sense 101* Versie Hausman, 2021-08-13 Dog behavior involves a series of unique methods for communicating emotions and intentions. It can be quite different from how humans communicate. If you want to find a way to understand your dog's behavior and improve it, then this book is for you. This book is a common sense guide to canine and human psychology and sets you on a path of discovery to find behavior and training solutions that will work for both of you.

Fearful And Reactive Dogs 101 Les Montier, 2021-08-04 Reactivity is when a dog overreacts to things in its environment. These reactions can include barking, lunging, and growling. However, these reactions do not make a dog aggressive. Reactivity is not uncommon in dogs. It may stem from the dog's genetic make up or could be from a lack of social experience or a particularly scary experience. Having a reactive dog can be difficult to handle. It makes it hard to go out on walks to the park or being in public places. You probably do not have guests over often in fear of how your dog will behave around them. Instead of trying to live with having a reactive dog, learn new ways to keep them calm and focused on you. You will learn what your dog is trying to tell you. How to communicate in a way that you both understand. How to ensure you are fully meeting your dog's needs. Why your dog acts up and why he can't help it. Why walking your dog might not be the best choice. How your dog sees the world. Why does your dog bark at things. Which things scare your dog. Brainwork to relax your dog. How to assess your dog's personality. How your dog's brain stores information. Why your dog makes bad choices and how to change those choices for better ones. How dogs experience stress and what we can do to help them. Whether your dog is an introvert or extrovert and how that affects his behavior. How to change a negative bias to a positive one. Simple solutions to make your dog feel secure. How to teach self belief and confidence. And much much more. **Competability: Solving Behavior**
