Early Childhood Pedagogies Jane Murray, 2018-12-07 Diverse international perspectives on the ways in which young children s learning and care may be supported converge in this book Traversing the field of early childhood education and care from its established philosophical underpinnings to 21st century research policies and practices the contributions to this volume draw together past and present discourses as a basis for shaping future trajectories In spite of a growing international consensus on the strong influence of early childhood

experiences on lifetime outcomes the nineteen chapters reveal contemporary early childhood pedagogy as a collection of spaces characterised by plurality complexity and dissonance These characteristics signal the importance of recognising early childhood pedagogies multiple models of practice for the many diverse learning and care contexts that have the capacity to value young children as individuals and enable each to flourish now and throughout their lives Moreover such characteristics disrupt notions that a single optimal early childhood pedagogy is either possible or desirable *Deconstructing Dr.*

Strangelove Sean M. Maloney, 2020-07-01 King of the Cold War crisis film *Dr Strangelove* became a cultural touchstone from the moment of its release in 1964 The duck and cover generation saw it as a satire on nuclear issues and Cold War thinking Subsequent generations removed from the film's historical moment came to view it as a quasi documentary about an unfathomable secret world Sean M Maloney uses *Dr Strangelove* and other genre classics like *Fail Safe* and *The Bedford Incident* to investigate a curious pop cultural contradiction Nuclear crisis films repeatedly portrayed the failures of the Cold War's deterrent system Yet the system worked What does this inconsistency tell us about the genre What does it tell us about the deterrent system for that matter Blending film analysis with Cold War history Maloney looks at how the celluloid crises stack up against reality or at least as much of reality as we can reconstruct from these films with confidence The result is a daring intellectual foray that casts new light on *Dr Strangelove* one of the Cold War era's defining films **The Journal of Education**, 1927
