To whom it may concern:

TFT, Inc. is a manufacturer of EAS Encoders/Decoders, who now seeks Type Certification of an EAS Decoder (only) under FCC Rule Part 11.

On January 31, 1996, TFT, Inc. was granted Type Certification on an Emergency Alert System Encoder/Decoder, FCC Identifier BIOEAS911, File No. 31010/EQU 4-3-4. The Decoder (only) for which TFT now seeks Type Certification is part of the original Certification Application made on November 10, 1995. Several of the Part 11 Compliance Tests for that application are incorporated in this new application for an EAS Decoder (only) device, which does not function as an Encoder as well.

In order to accomplish this, TFT has removed several circuits and components from the original Encoder/Decoder in order to disable and defeat its functionality as an EAS Encoder. Because the overall construction of the unit is not materially changed, all Decoder tests conducted for the original application remains at no change and may apply to this application as well.

Best regards,

Edmund Fong
Executive Vice President- TFT Inc.
