MEDINFO 2021: One World, One Health — Global Partnership for Digital Innovation Paula Otero, Philip Scott, Susan Z. Martin, 2022-08-15 The World Health Organization defines health as a state of complete physical mental and social well being and not merely the absence of disease or infirmity and its constitution also asserts that health for all people is dependent on the fullest co operation of individuals and States The ongoing pandemic has highlighted the power of both healthy and unhealthy information so while healthcare and public health services have depended upon timely and accurate data and continually updated knowledge social media has shown how unhealthy misinformation can be spread and amplified reinforcing existing prejudices conspiracy theories and political biases This book presents the proceedings of MedInfo 2021 the 18th World Congress of Medical and Health Informatics held as a virtual event from 2 4 October 2021 with pre recorded presentations for all accepted submissions The theme of the conference was One World One Health Global Partnership for Digital Innovation and submissions were requested under 5 themes information and knowledge management quality safety and outcomes health data science human organizational and social aspects and global health informatics The Programme Committee received 352 submissions from 41 countries across all IMIA regions and 147 full papers 60 student papers and 79 posters were accepted for presentation after review and are included in these proceedings Providing an overview of current work in the field over a wide range of disciplines the book will be of interest to all those whose work involves some aspect of medical or health informatics

The Weekly Review ,1990 **The Post-Election Violence in Kenya** Sosteness Francis Materu, 2014-12-04 Since the historic Nuremberg Trial of 1945 an international customary law principle has developed that commission of a core crime under international law war crimes genocide crimes against humanity and aggression should not go unpunished History shows that when in Africa such violations occurred especially as a result of election disputes national and regional actors including the African Union resorted to political rather than legal responses However when crimes against humanity were alleged to have been committed in Kenya during the 2007 2008 post election violence a promising road map for criminal accountability was agreed upon alongside a political solution In the spirit of this road map the author analyzes the post election violence in Kenya from a legal point of view He extensively examines legal options for domestic criminal accountability and discusses both retributive prosecutions and restorative justice mainly truth commission mechanisms being the main legal responses to the gross violations of human rights Furthermore he thoroughly investigates the Kenya situation before the ICC and the legal cum political responses to the ICC intervention in Kenya Practitioners and academics in the field of international criminal law and related disciplines as well as political sciences and legal history will find in this book highly relevant information about alternative legal approaches of the fight against and punishment of crimes against humanity as defined under the ICC Statute
