

University of Oregon Essay Prompt

My future ambitions and goals centre around reforming parts of our country that are underprivileged and suffering from poor management. It is my aim in life to provide help to communities in our country who are suffering from a lack of proper education, poor healthcare and who are blighted by social epidemics, such as high drug use. I am an ambitious person who is highly motivated towards getting the right kind of education that can set me on my way towards the career path which I have always dreamed of walking down.

I have always been able to communicate my points articulately and eloquently, and I therefore see myself as a very engaging, open and honest person who has a firm belief in the power of ideas of conversation. For this reason, a particularly extracurricular activity that has always appealed to me are Debates clubs. I enjoy the cut and thrust of a debate, but I enjoy even more promoting an awareness of ideas, concepts and truth and I believe that I have a particular talent for conversing with others in an engaging, persuasive and highly informative manner.

Owing to this, I have a very strong interest in local politics, and you could say that one of my major interests in life is involving myself in all kinds of matters that concern my local community. I attend elections, organise events and promote awareness of social conditions that need highlighting and improving upon. It is this willingness to get involved and to instigate reform that has helped to develop my personality, allowing me to grow as a person and learn new things.

My interest in politics, as well as my growing interest in education and learning, probably lies most strongly with my roots. I come from a very underprivileged town, where residents often feel hard done by and neglected by the government. Witnessing injustice and hardships firsthand imbued in me a desire to fight for others and to fight for what is ultimately right and deserved.
