***Our Superheroes, Ourselves*** Robin S. Rosenberg PhD, 2013-06-21 Superhero fans are everywhere from the teeming halls of Comic Con to suburban movie theaters from young children captivated by their first comic books to the die hard collectors of vintage memorabilia Why are so many people fascinated by superheroes In this thoughtful engaging and at times eye opening volume Robin Rosenberg a writer and well known authority on the psychology of superheroes offers readers a wealth of insight into superheroes drawing on the contributions of a top group of psychologists and other scholars The book ranges widely and tackles many intriguing questions How do comic characters and stories reflect human nature Do super powers alone make a hero super Are superhero stories good for us Most contributors answer that final question in the affirmative Psychologist Robert J Sternberg for instance argues that we all can learn a lot from superheroes and what we can learn most of all is the value of wisdom and an ethical stance toward life On the other hand restorative justice scholar Mikhail Lyubansky decries the fact that justice in the comic book world is almost entirely punitive noting extreme examples such as Rorschach in The Watchmen and the aptly named The Punisher who embrace a strict eye for an eye sense of justice delivered instantly and without mercy In the end the appeal of Superman Batman Spiderman and legions of others is simple and elemental Superheroes provide drama

excitement suspense and romance and their stories showcase moral dilemmas villains we love to hate and protagonists who inspire us Perhaps as important their stories allow us to recapture periods of our childhood when our imaginations were cranked up to the maximum when we really believed we could fly or knock down the bad guy or save the city from disaster
