state and power legal archaeology etc The field of research is therefore wide In addition to topics traditionally and obviously associated with the aesthetics of law such as law and literature law in the fine arts and court rhetoric there are chapters on e g legal ethics and trademarks All authors share the belief that beauty in law is important even when it is hidden in a caricature Further they argue for restoring the aesthetics of law to its proper place in philosophical and legal discourse as doing so would yield a host of benefits for the addressees of law *The Author & Journalist* ,1928 *Author and Journalist* ,1929 **Short Stories and Political Philosophy** Erin A.
