what I m sitting here wrestling with writing this book about my life not because I don't have the words but because I want it to be my truth I have learned or have been taught that honesty is not always the best policy See I don't know where you come from but I come from a whole generation of alcoholics and addicts that bred on dishonesty euphoria secrets and oblivion I was the 3rd of 4 children an older sister and brother and a younger brother My mother was always on the move but she loved us with all she had I was raised by alcoholic grandparents molested by a neighbor and cousin and raped on several occasions My childhood had all the makings of a tear jerking heart felt award winning movie but that s not what this book is really about See I believe that we all have had our crosses to bear and have walked through various types of pain that this life often brings to us Some more than others I have come to the point in my life where I m tired of being a victim to all of that Being a victim has allowed me to justify some of the most ridiculous unacceptable and dangerous behaviors that I have ever participated in Now that I have developed a small amount of maturity and acceptance the illusion of placing blame and being the victim of circumstance has been shattered I now know that I was a willing participant in some if not all of the unhealthy decisions I ve made My thing is I have such a distorted perception of reality and myself I have put unrealistic expectations on others and my attitude has been YOU OWE ME I expected others to supply not only my financial responsibilities but also my emotional security This attitude has gotten me one thing ALONE My truth is that I have been lied to for so long I started believing the lies I turned into a liar myself and I lived a lie But most of all I deceived myself My truth is I don t think that I can be loved Not in the way that I should be loved because I myself don t have the capacity to love I never learned what love really is I believed and believe that it s through another person that I could fulfill what could not be filled because my vessel is broken That vessel is my heart My truth is that as long as I look for completion through another person I will continue to be broken The way I chose to ruin my life is the way I choose to draw my strength In my childhood years a number of unspeakable thing happened to me that were beyond my control In my teenage years I was exposed to peer pressure and chose the pressure over the peer In early adulthood I made decisions based on the past that permanently altered my life I also became an addict It was all fun and games at first but little did I know of the great tragedy that would follow As far as I was concerned I was going to get what I wanted by any means necessary no matter who I hurt in the process But most of all I hurt myself Lies The ones I was taught The ones I tell myself The ones I choose to believe They have all dictated my life in a way that is hard to explain In most situations I will honor the lie until I am in a position to where I have to tell the truth at least part of it We all know that part of the truth is a whole lie All the lies in my life stem from one big lie NOBODY LOVES ME This is not a book about placing blame It s about me owning my past and being responsible for the catastrophe that I created It's about getting honest with me and claiming my own freedom If I am strong enough to tell my truth I know that I **Superstrings Unleashed: Unveiling** will be a better person I m sure that I will be amazed before I am halfway through the Mysteries of the Quantum Universe Pasquale De Marco, 2025-07-13 Embark on an enthralling journey into the realm

You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator,

such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
