

Brain Exploration Guide

One way to learn more about how something works is to look inside it. Today you will dissect, or take apart, a sheep's brain. This guide will help you explore the structure of the brain. Your booklet will give you more information about what the different parts of the brain do, and it has space for you to write or draw what you see during the dissection.

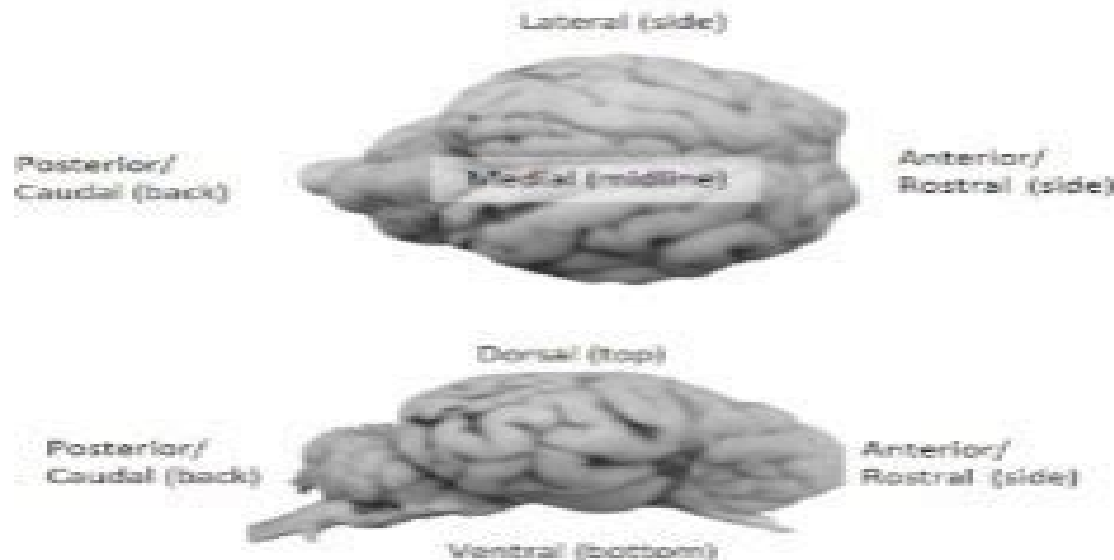

Be sure to wear gloves, and to wash your hands thoroughly afterward to wash away any chemicals or tissue that may have gotten on your hands.

ANATOMICAL DIRECTIONS

Similar to using north, south, east, and west to describe relative locations of places on a map, when you are looking at anatomical structures there are terms that are used to help describe the relative location of the brain structures. These terms refer to the orientation of the brain in the body, so they are the same no matter how you hold or rotate the brain.

- **Anterior** (rostral or "towards the nose") means towards the front.
- **Posterior** (caudal or "towards the tail") means towards the back.
- **Lateral** means towards the side.
- **Medial** means towards the middle.
- **Dorsal** ("towards the back") means on top.
- **Ventral** ("towards the stomach") means on the bottom.

Babyhood Leroy Milton Yale, 1885 Silent, but Superhero Mindscope Seven, 2018-05-29 A masterfully paradoxical approach to resolving conflict. Providing the tools necessary for transformative and lasting change. Not for the Faint of Heart. Join MindScope Seven for the discovery of breakthroughs in conquering monumental mountains that few ever find the strength, wisdom, or endurance to climb. A revolutionary guide to overcoming obstacles and living life as Authentic Self. While in a world beckoning the opposite, then rewarding with despair, loss, and doom. Her paradoxical style goes against the expected to render results in the most complicated and even dangerous situations. With a strong perception of human behavior combined with her humble beginnings, she was forced to invent ways of overcoming disadvantaged positions. She learned to use disadvantage as the advantage. Understanding that her unique set of skills and abilities were for the very purpose of serving fellow man. Oftentimes against institutional flaws that worked against them. Her desire to find ethical, effective, people-oriented solutions led her to unusual approaches that yielded results others were not willing or able to match. Her spiritual foundation has always been the cornerstone guiding her often unusual approach and desire to serve mankind. A gift to any who have quietly suffered abuse, oppression, or invisibility from the labels and boxes devised by oppressors holding our lives as hostage. When our families are hurting or injured, it festers and magnifies to the communities, extended world, and then we all suffer insurmountable loss.
