A Long Way Gone Ishmael Beah, 2007-04-01 In *A Long Way Gone* Ishmael Beah tells a riveting story in his own words how at the age of twelve he fled attacking rebels and wandered a land rendered unrecognizable by violence By thirteen he d been picked up by the government army and Beah at heart a gentle boy found that he was capable of truly terrible acts My new friends have begun to suspect I haven t told them the full story of my life Why did you leave Sierra Leone Because there is a war You mean you saw people running around with guns and shooting each other Yes all the time Cool I smile a little You should tell us about it sometime Yes sometime This is how wars are fought now by children hopped up on drugs and wielding AK 47s Children have become soldiers of choice In the more than fifty conflicts going on worldwide it is estimated that there are some 300 000 child soldiers Ishmael Beah used to be one of them What is war like through the eyes of a child soldier How does one become a killer How does one stop Child soldiers have been profiled by journalists and novelists have struggled to imagine their lives But until now there has not been a first person account from someone who came through this hell and survived This is a rare and mesmerizing account told with real literary force and heartbreaking honesty

Authentic Assessment in Action Linda Darling-Hammond, Beverly F. Falk, Jacqueline Ancess, 2017-10-05 This book examines through case studies of elementary and secondary schools how five schools have developed authentic performance based assessments of students learning and how this work has interacted with and influenced the teaching and learning experiences students encounter in school This important and timely book reveals the changing dynamics of classroom life as it moves from more traditional pedagogy to one that asks students to master intellectual and practical skills that are eminently transferable to real life social settings and workplaces The issue of assessment comes first but we see in the following case studies how it becomes powerfully enveloped in the processes of learning and teaching of informing students teachers parents and others of how the children are doing The portraits explicitly and implicitly suggest a deep fair and defensible way to answer the question How m I doing in a manner that helps this child and eventually every child From the Foreword by Theodore RSizer Informative and thought provoking American Journal of Education
