The Anti Ageing Of Harmony Richards:

Languages of Power in the Age of Richard II, 2005 *Memoirs of ... Richard Treffry, jun. To which are appended select remains. By his father Richard Treffry*, 1838 *Memoirs of the Rev. Richard Treffry Jun*, 1839 The Letters of Richard Cobden: 1860-1865 Richard Cobden, 2007 The Letters of Richard Cobden 1804 1865 provides in four printed volumes the first critical edition of Cobden's letters publishing the complete text in as near the original form as possible The letters are accompanied by full scholarly apparatus together with an introduction to each volume which reassesses Cobden's importance in their light Together these volumes make available a unique source of the understanding of British liberalism in its European and international contexts throwing new light on issues such as the repeal of the Corn Laws British radical movements the Crimean War the Indian Mutiny Anglo French relations and the American Civil War The fourth and final volume drawing on some forty six archives worldwide is dominated by Cobden's search for a permanent political legacy at home and abroad following the severe check to his health in the autumn of 1859 In January 1860 he succeeded in negotiating the Anglo French Commercial Treaty a landmark in Anglo French relations designed to bind the two nations closer together and to provide the basis for a Europe united by free trade Yet the Treaty's benefits were threatened by a continuing naval arms race between Britain and France fuelled by what Cobden saw as self interested scare mongering in his tract *The Three Panics* 1862 By 1862 an even bigger danger was the possibility that British industry's need for cotton might precipitate intervention in the American Civil War Much of Cobden's correspondence now centred on the necessity of non intervention and a campaign for the reform of international maritime law while he played a major part in attempts to alleviate the effects of the Cotton Famine in Lancashire In addition to Anglo American relations Cobden the International Man continued to monitor the exercise of British power around the globe He was convinced that the gunboat diplomacy of his prime antagonist Lord Palmerston was ultimately harmful to Britain whose welfare demanded limited military expenditure and the dismantling of the British colonial system Known for a long time as the prophet in the wilderness in 1864 Cobden welcomed Palmerston's inability to intervene in the Schleswig Holstein crisis as a key turning point in Britain's foreign policy which together with the imminent end of the American Civil War opened up the prospect of a new reform movement at home Disappointed with the growing apathy of the entrepreneurs he had once mobilised in the Anti Corn Law League Cobden now promoted the enfranchisement of the working classes as necessary and desirable in order to achieve the reform of the aristocratic state for which he had campaigned since the 1830s **The Problem of Democracy in the Age of Slavery** W. Caleb McDaniel, 2013-05-06 Garrison signaled the importance of these ties to his movement with the well known cosmopolitan motto he printed on every issue of his famous newspaper *The Liberator* Our Country is the World Our Countrymen are All Mankind That motto serves as an impetus for McDaniel's study which shows that Garrison and his movement must be placed squarely within the context of transatlantic mid nineteenth century reform Through exposure to contemporary European

thinkers such as Alexis de Tocqueville Giuseppe Mazzini and John Stuart Mill Garrisonian abolitionists came to understand their own movement not only as an effort to mold public opinion about slavery but also as a measure to defend democracy in an Atlantic World still dominated by aristocracy and monarchy While convinced that democracy offered the best form of government Garrisonians recognized that the persistence of slavery in the United States revealed problems with the political system
