Wessels,2023-01-02 A Christian's faith is like the foundation of a house If the foundation is built on sand that foundation will not stand and when adversity occurs loss is suffered It is necessary for each Christian's foundation of faith to be periodically challenged The world is entering a season where everyone's faith will be tested Prior to that testing period everyone must correct any weaknesses in beliefs May God reveal to the reader any misunderstandings or other weaknesses in beliefs and provide the necessary correction Unity is powerful The Christian Church should be powerful and not anemic The time is now for unity within the many denominations and Christian

organizations Each part of the body of Christ has its purpose function and intended use What has been missing is the interrelationship between the various parts The best way for individuals to resolve differences is to work with others from varying backgrounds Believers will soon discover that they have more in common with other believers than they have differences This discovery is the beginning of unity Planting the desire for unity in the hearts of Christians will open the door for God to move mightily within the church and throughout the world Many believe in an end time revival that only God knows whether it will be one revival or a series of revivals Each believer will choose to accept God s call to unity or reject it Either way the plan of God will be manifested
