A Constitutional History of the Kingdom of Eswatini (Swaziland), 1960-1982 Hlengiwe Portia Dlamini,2019-09-25 Swaziland recently renamed Eswatini is the only nation state in Africa with a functioning indigenous political system Elsewhere on the continent most departing colonial administrators were succeeded by Western educated

elites In Swaziland traditional Swazi leaders managed to establish an absolute monarchy instead qualified by the author as benevolent and people centred a system which they have successfully defended from competing political forces since the 1970s This book is the first to study the constitutional history of this monarchy It examines its origins in the colonial era the financial support it received from white settlers and apartheid South Africa and the challenges it faced from political parties and the judiciary before King Sobhuza II finally consolidated power in 1978 with an auto coup d tat As Hlengiwe Dlamini shows the history of constitution making in Swaziland is rich complex and full of overlooked insight for historians of Africa
