Alderson, 2019-12-03 Focusing on the new DSM V classifications for addiction with an emphasis on CACREP neuroscience and treatment this provocative contemporary text is an essential reference for both students and practitioners wanting to gain a deeper understanding of those with addiction *Proceedings of the 10th Focus Conference (TFC 2023)* Manyane Makua, Mariam Akinlolu, Mashango Sithole, Phiwayinkosi Gumede, Cebo Nyondo, Ntombikhona Khuzwayo, Mandlenkosi Mhlongo, 2023-11-03 This is an open access book The 2023 Focus Conference will focus on Goal Four Quality Education of the United Nations UN Sustainable Development Goals SGD Goal Four is seized with providing equal access for all women and men to affordable and quality technical vocational and tertiary education including university Quality education in this context means the ability to function provide and derive value in society The theme of the conference is therefore coined as The Role of Higher Education in the Attainment of Sustainable Quality Education Through this theme the conference will provide a space for participants to share practical knowledge experiences and possible solutions to the myriad of problems that confront the higher education sector Universities are often thought of as ivory towers far removed from the realities that confront global societies To compound this higher education is increasingly being questioned for its relevance in providing

practical and innovative solutions to existing societal problems Such questions often navigate around the relevance of the academic programmes being offered curriculum the capacity of staff employability of graduates and generally the ability of these institutions to understand why they exist Indeed higher education s role in creating a sustainable future will presumably take on greater importance as the world continues to become increasingly globalised and interdependent

Africanising the Curriculum Professor Vuyisile Msila,Professor Mishack T Gumbo,2016-03-01 The alienating nature of the dominant curriculum in African schools and universities is an issue which simmered just below the surface in the 2015 student protests that swept through the South African higher education sector The collection of essays found in this timely publication offers compelling arguments for the deliberate embrace of the African culture to advance African knowledge and enhance African lives It proposes fresh perspectives on what shape and form a decolonised curriculum should take on

The Education Triple Cocktail Brahm Fleisch,2018-08-15 The Education Triple Cocktail brings together rigorous quantitative and qualitative research on a new approach to improving foundational teaching and learning for schoolchildren living in working class poor and remote rural communities in resource constrained systems like South Africa At the core of this book is the theory and evidence for a powerful new interlocking and mutually reinforcing change model Inspired by the AIDS treatment story the three pronged approach of structured daily lesson plans appropriate and high quality educational materials and one on one instructional coaching to help teachers transform their instructional practices in early grade classrooms shows that it will improve learning outcomes For education systems defined by low levels of early grade learning and profoundly unequal outcomes The Education Triple Cocktail offers a theoretically informed evidence based way forward This book will be of immense use to teachers students of Education policymakers and parents *Handbook of Research on Resource Management and the Struggle for Water Sustainability in Africa* Nojiyeza, Innocent Simphiwe,Mtapuri, Oliver,Bazaanah, Prosper,Netshiozwi, Edzisani Ellen,2022-01-28 Access to water and sanitation remains a critical challenge in various countries in Africa The crisis remains the crisis of governance rather than the physical and economic scarcity In most countries water is realized as a human right and subsidies are provided for the indigent households The tricky issue in rural areas remains an issue of access that is often linked to willingness and ability to pay for the installation and daily consumption The Handbook of Research on Resource Management and the Struggle for Water Sustainability in Africa presents practical examples of integrated water resources management IWRM implementation in African countries It further addresses the contemporary issues of alternative energy as part of climate change mitigation and utilizes case studies to examine how communities adapt to climate change Covering topics such as climate justice ecological governance and political ecology this major reference work is a dynamic resource for government officials sociologists climate scientists activists students and educators of higher education academicians and researchers in the fields of social sciences government developmental studies international relations and political science **Herbal medicine for the treatment of**
