Unwinnable Theo Farrell, 2017-09-07 Afghanistan was an unwinnable war As British and American troops withdraw discover this definitive account that explains why It could have been a very different story British forces could have successfully withdrawn from Afghanistan in 2002 having done the job they set out to do to defeat al Qaeda Instead in the years that followed Britain paid a devastating price for their presence in Helmand province So why did Britain enter and remain in an ill fated war Why did it fail so dramatically and was this expedition doomed from the beginning Drawing on unprecedented access to military reports government documents and senior individuals Professor Theo Farrell provides an extraordinary work of scholarship He explains the origins of the war details the campaigns over the subsequent years and examines the West's failure to understand the dynamics of local conflict and learn the lessons of history that ultimately led to devastating costs and repercussions still relevant today The best book so far on Britain's war in Afghanistan International Affairs Masterful irrefutable Farrell records all these military encounters with the irresistible pace of a novelist Sunday Times

*The Long Disenchantment* Ilaria Poggiolini,2024-12-27 This book seeks to replace a comforting European narrative of British missed opportunities with a chronicle of the complexity of UK EC EU relations After nearly a decade of Brexit 2016 it revisits the historical evolution of the relationship between Britain and Europe since the 1970s Building on an in depth study of primary and secondary sources the author sheds new light on the intricacies of that relationship The book is structured in six chapters the first of which reflects on the causes of the UK s lack of engagement in the early and crucial developments of the European Community The second chapter revisits ten years of stop go diplomacy of accession and the meaning of the first enlargement for Britain and its partners The third chapter argues that in the early years entry represented for Britain an opportunity to deliver change working with France and Germany inside the EC and as an EC member building new relationships with countries outside including in the Commonwealth The fourth chapter focuses on the dawning realisation that EC membership meant for Britain joining its partners on a journey towards an unknown destination in search of whatever closer Union would mean The Fifth chapter concentrates on the 1980s when on the one hand the British government was to the fore in the creation of a single market while on the other it openly challenged an agreed upon narrative among the continental member states This narrative was one which sought to reshape European values and relationships together with its culture geography and history round a commitment to greater integration The final chapter is an epilogue that examines the political decisions of the last four British prime ministers Major Brown Blair and Cameron in confronting and reacting to the reality of European Union from the Maastricht Treaty 1992 onward This examination suggests that rather than political continuity discontinuity led the UK through Prime Minister David Cameron s efforts at renegotiation in the EU to Brexit and his instant resignation This book invites readers to rethink refine and challenge the dominant narrative of Britain as a predictable permanent outsider condemned to irrelevance in the EC EU It will appeal to scholars of international relations and political history as well as political decision makers both in Britain and the EU

**The iPINIONS Journal** Anthony Livingston Hall,2020-02-13 ANTHONY L HALL takes aim at the global events of 2019 with a unique and refreshing perspective Some of the topics in this volume include Republicans and Democrats aping Sunnis and Shias Even if Democrats impeach Trump in Congress or defeat him at the polls his presidency has already sown seeds of division and dysfunction that could harvest political thorns for a thousand years Social networks abolishing Likes They can t quit likes Because networks are as hooked on the money likes generate as users are on the high they stimulate Colin Kaepernick moving NFL tryout and making new demands Kaepernick must think he s Trump and the NFL the Republican

Party Because only delusions of grandeur on that scale explains him thinking he can play the NFL like this White evangelical Christians supporting Trump The hypocrisy inherent in them showing abject loyalty to this two legged golden calf is almost too contemptible for words Suffice it to know that a skunk has more regard for a garden party than Trump has for a house of worship Hong Kongers protesting Chinese rule These protests amount to nothing more than a self hating Stockholm Syndrome like preference for the British over the Chinese Hong Kongers don't want democracy so much as a return to British colonial rule MTV trying to whitewash Michael Jackson's name from VMAs Frankly his pedophile exploits were such that MTV paying any homage to him is tantamount to Jello paying homage to Bill Cosby Rich parents offering bribes to get their kids into elite colleges The real indictment is that despite all the resources at their disposal these parents raised such dumb lazy and untalented kids Failure of latest US North Korea nuclear summit While Trump flew off to take a cold shower back in America Kim was smoking a cigarette and planning sightseeing tours around Vietnam So who do you think is zooming who in their brokeback bromance
