Gary Giddins

Up Front By Bill Mauldin Holt August 5 1945:

The #1 New York Times Bestseller John Bear, 1992 Lists hundreds of books that have made the famous list and offers facts about the publishing industry authors and the list itself **Miss You** Barbara Woodall Taylor, Charles E. Taylor, David C. Smith, Judy Barrett Litoff, 2013 During World War II the millions of letters American servicemen exchanged with their wives and sweethearts were a lifeline a vital way of sustaining morale on both fronts Intimate and poignant Miss You offers a rich selection from the correspondence of one such couple revealing their longings affection hopes and fears and affording a privileged look at how ordinary people lived through the upheavals of the last century's greatest conflict Bill Mauldin Todd DePastino, 2008 The definitive biography of the greatest cartoonist of the Greatest Generation Mauldin defied army censors German artillery and Patton's pledge to throw his ass in jail to deliver his wildly popular cartoon Up Front to the pages of Stars and Stripes From publisher description What Soldiers Do Mary Louise Roberts, 2013-05-10 This sobering account vividly depicts the impact of the influx of hundreds of thousands of GIs on French society especially on French women Foreign Affairs How do you convince men to charge across heavily mined beaches into deadly machine gun fire Do you appeal to their bonds with their fellow soldiers their patriotism their desire to end tyranny and mass murder Certainly but if you're the US Army in 1944 you also try another tack You dangle the lure of beautiful French women waiting just on the other side of the wire ready to reward their liberators in oh so many ways That's not the picture of the Greatest Generation that we've been given but it's the one Mary Louise Roberts paints to devastating effect in What Soldiers Do Drawing on an incredible range of sources including news reports propaganda and training materials official planning documents wartime diaries and memoirs Roberts tells the fascinating and troubling story of how the US military command systematically spread and then exploited the myth of French women as sexually experienced and available The resulting chaos ranging from flagrant public sex with prostitutes to outright rape and rampant venereal disease horrified the war weary and demoralized French population The sexual predation and the blithe response of the American military leadership also caused serious friction between the two nations just as they were attempting to settle questions of long term control over the liberated territories and the restoration of French sovereignty While never denying the achievement of D Day or the bravery of the soldiers who took part What Soldiers Do reminds us that history is always more useful and more interesting when it is most honest and when it goes beyond the burnished beauty of nostalgia to grapple with the real lives and real mistakes of the people who lived it Many will appreciate this nuanced history of sex war and power Times Higher Education

Larger Than Life Ferenc Morton Szasz, 2006 Larger than Life offers eleven essays that touch on New Mexico's history through its people places and events **The Mourning After** John Ibson, 2018-11-01 On the battlefields of World War II with their fellow soldiers as the only shield between life and death a generation of American men found themselves connecting with each other in new and profound ways Back home after the war however these intimacies faced both scorn

and vicious homophobia *The Mourning After* makes sense of this cruel irony telling the story of the unmeasured toll exacted upon generations of male friendships John Ibson draws evidence from the contrasting views of male closeness depicted in WWII era fiction by Gore Vidal and John Horne Burns as well as from such wide ranging sources as psychiatry texts child development books the memoirs of veterans children and a slew of vernacular snapshots of happy male couples In this sweeping reinterpretation of the postwar years Ibson argues that a prolonged mourning for tenderness lost lay at the core of midcentury American masculinity leaving far too many men with an unspoken ache that continued long after the fighting stopped forever damaging their relationships with their wives their children and each other **Dear John** Susan L.

Carruthers,2022-01-06 A sweeping history of emotional life that explores how Dear John letters became a rite of passage for American servicemen **Bing Crosby** Gary Giddins,2018-10-30 The best thing to happen to Bing Crosby since Bob Hope WSJ Gary Giddins presents the second volume of his masterful multi part biography Bing Crosby dominated American popular culture in a way that few artists ever have From the dizzy era of Prohibition through the dark days of the Second World War he was a desperate nation s most beloved entertainer But he was more than just a charismatic crooner Bing Crosby redefined the very foundations of modern music from the way it was recorded to the way it was orchestrated and performed In this much anticipated follow up to the universally acclaimed first volume NBCC Winner and preeminent cultural critic Gary Giddins now focuses on Crosby s most memorable period the war years and the origin story of *White Christmas* Set against the backdrop of a Europe on the brink of collapse this groundbreaking work traces Crosby s skyrocketing career as he fully inhabits a new era of American entertainment and culture While he would go on to reshape both popular music and cinema more comprehensively than any other artist Crosby s legacy would be forever intertwined with his impact on the home front a unifying voice for a nation at war Over a decade in the making and drawing on hundreds of interviews and unprecedented access to numerous archives Giddins brings Bing Crosby his work and his world to vivid life firmly reclaiming Crosby s central role in American cultural history **Texas and Texans in World War II** Christopher B. Bean,2022-08-24

Texas and Texans in World War II offers an informative look at the challenges and changes faced by Texans on the home front during the Second World War This collection of essays by leading scholars of Texas history covers topics from the African American and Tejano experience to organized labor from the expanding opportunities for women to the importance of oil and agriculture *Texas in World War II* makes local the frequently studied social history of wartime bringing it home to Texas An eye opening read for Texans eager to learn more about this defining era in their state s history this book will also prove deeply informative for scholars students and general readers seeking detailed definitive information about World War II and its implications for daily life economic growth and social and political change in the Lone Star State **The Riviera at War** George G. Kundahl,2017-05-30 During World War II three distinct forces opposed the Allies Germany Italy and Japan Few areas of the world experienced domination by more than a single one of these but southeastern France the region popularly

known as the Riviera or Cote d Azur was one Not only did inhabitants suffer through Italian Fascism and German Nazism but also under a third hardship at times even more oppressive the rule of Vichy France Following a nine month prelude the reality of World War II burst onto the Riviera in June 1940 when the region had to defend itself against the Italian army and ended in April 1945 with a battle against German and Italian forces in April 1945 a period longer than any other part of France In this book George G Kundahl tells for the first time the full story of World War II on the French Riviera Featuring previously unseen sources and photographs this will be essential reading for anyone interested in wartime France

Uncover the mysteries within is enigmatic creation, Discover the Intrigue in **Up Front By Bill Mauldin Holt August 5 1945** . This downloadable ebook, shrouded in suspense, is available in a PDF format (PDF Size: *). Dive into a world of uncertainty and anticipation.
