Canadian Mining Journal ,1929 *South Central Wyoming Coal Resources Development* ,1979 **Index to TheStreet.com Ratings' Mutual Fund Guides** ,2006 **Planning for Agriculture and Sustainable Food Systems** Wayne Caldwell,Christopher Fullerton,Sara Epp,2023-08-07 **Greenbackers, Knights of Labor, and Populists** Matthew Hild,2010-02-25

Historians have widely studied the late nineteenth century southern agrarian revolts led by such groups as the Farmers Alliance and the People's or Populist Party Much work has also been done on southern labor insurgencies of the same period as kindled by the Knights of Labor and others However says Matthew Hild historians have given only minimal consideration to the convergence of these movements Hild shows that the Populist or People's Party the most important third party of the 1890s established itself most solidly in Texas Alabama and under the guise of the earlier Union Labor Party Arkansas where farmer labor political coalitions from the 1870s to mid 1880s had laid the groundwork for populism's expansion Third party movements fared progressively worse in Georgia and North Carolina where little such coalition building had occurred and in places like Tennessee and South Carolina where almost no history of farmer labor solidarity existed Hild warns against drawing any direct correlations between a strong Populist presence in a given place and a background of farmer laborer insurgency Yet such a background could only help Populists and was a necessary precondition for the initially farmer oriented Populist Party to attract significant labor support Other studies have found a lack of labor support to be a major reason for the failure of Populism but Hild demonstrates that the Populists failed despite significant labor support in many parts of the South Even strong farmer labor coalitions could not carry the Populists to power in a region in which racism and violent and fraudulent elections were tragically central features of politics

State Capture in the Militarized Fight Against Illegal Small-Scale Goldmining in Ghana Jasper Abembia Ayelazuno,Maxwell Akansina Aziabah,2025-05-22

This slim book addresses one of the most vexed questions about governance and politics in natural resources rich albeit poor countries across the world Why have most states in natural resources rich developing countries failed to regulate their artisanal and small scale mining ASM industries This failure is both intellectually and politically puzzling because these same states demonstrate capability in different functions and regulations of other sectors of the economy Ghana is a quintessential example of this puzzle Despite its legendary reputation as a relatively well governed peaceful and democratic country its ASGM sector is characterized predominantly by informality criminality and horrendous

environmental and human development effects which include the ferocious denuding of the country's vegetation cover toxic pollution of water bodies and serious health and safety hazards inflicted on the rural populace in mining areas This book seeks to contribute a fresh state theoretical perspective state capture to unravel this puzzle It argues that the chaotic criminal and ruinous Ghanaian ASGM sector known in Ghanaian parlance as the galamsey menace is caused by state capture The Ghanaian state has been captured by the mining power elites something that allows them to undertake criminal and destructive mining with impunity These state captors are not doing artisanal and small scale mining ASM but rather capitalist mechanized mining CMM which ravages the environment on a large scale and with breakneck speed State capture in Ghana's ASGM sector is demonstrated clearly in the book through vivid description and rigorous analysis of the failed militarised fight against the galamsey menace between 2017 and 2022 This is the period the Head of State and Commander in Chief of the Ghana Armed Forces GAF vowed to fight and defeat the perpetrators of this crime at the risk of losing his presidency He then declared war on the perpetrators and commandeered the coercive apparatuses of state led by the GAF to fight it The book argues that the state failed spectacularly to win this war the evidence of which is the aggravation of the deleterious environmental and human effects of galamsey For example the rivers and water bodies of Ghana have witnessed unprecedented levels of poisoning with lethal chemicals The rural populace in mining communities is inflicted with serious maternal and neonatal health hazards such as hideous congenital and physical disorders of some babies born in these communities and sadly the deaths of these babies Why despite its overwhelming coercive capacity did the Ghanaian state fail to win a war against a weak enemy galamsey operators who are mostly unarmed civilians and operating in plain sight of state agencies Using the lens of state capture this book addressed this question offering fascinating and penetrating insights into the puzzle Being the first to do this the book contributes to advancing theory methods and political praxis in the study and governance of the ASM industry in Ghana As failed military crackdowns on illegal ASM are common across natural resources rich developing countries the contribution this book makes may be germane to these countries in say Latin America and Asia

The Rough Guide to New Zealand Laura Harper, Tony Mudd, Paul Whitfield, 2002 Combining the most extraordinary aspects of both wild and cosmopolitan New Zealand this Rough Guide offers unparalleled coverage of activities and accommodations of color photos 80 maps *The Rough Guide to Sardinia* Robert Andrews, 2004 This guide to Sardinia opens with a 16 page section featuring photography of the island's highlights from the beaches of the southern coast to the evocative prehistoric ruins of the nuraghi The following chapters provide informative accounts of all the sights from the lively capital of Cagliari to the Smeralda coast There are reviews of the best places to eat drink and sleep in every region and practical advice on exploring the island whether by bicycle car boat or on foot Finally there is comprehensive coverage of Sardinia's history culture art and festivals
