The Levelling Michael O'Sullivan,2019-05-28 A brilliant analysis of the transition in world economics finance and power as the era of globalization ends and gives way to new power centers and institutions The world is at a turning point similar to the fall of communism Then many focused on the collapse itself and failed to see that a bigger trend globalization was about to take hold The benefits of globalization through the freer flow of money people ideas and trade have been many But rather

than a world that is flat what has emerged is one of jagged peaks and rough deep valleys characterized by wealth inequality indebtedness political recession and imbalances across the world s economies These peaks and valleys are undergoing what Michael O Sullivan calls the levelling a major transition in world economics finance and power What s next is a levelling out of wealth between poor and rich countries of power between nations and regions of political accountability from elites to the people and of institutional power away from central banks and defunct twentieth century institutions such as the WTO and the IMF O Sullivan then moves to ways we can develop new pragmatic solutions to such critical problems as political discontent stunted economic growth the productive functioning of finance and political economic structures that serve broader needs The Levelling comes at a crucial time in the rise and fall of nations It has special importance for the US as its place in the world undergoes radical change the ebbing of influence profound questions over its economic model societal decay and the turmoil of public life *Guide to U.S. Political Parties* Marjorie R. Hershey, 2014-04-01 This one volume reference presents the major conceptual approaches to the study of U S political parties and the national party system describing the organization and behavior of U S political parties in thematic narrative chapters that help undergraduate students better understand party origins historical development and current operations Further it provides researchers with in depth analysis of important subtopics and connections to other aspects of politics Key Features Thematic narrative chapters organized into six major parts provide the context as well as in depth analysis of the unique system of party politics in the United States Top analysts of party politics provide insightful chapters that explore how and why the U S parties have changed over time including major organizational transformations by the parties behavioral changes among candidates and party activists and attitudinal changes among their partisans in the electorate The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate centered model fueled in part by changes in campaign finance the rise of new communication technologies and fragmentation of the electorate This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States

Public Sector Transformation Processes and Internet Public Procurement: Decision Support Systems Pomazalová, Natasa, 2012-12-31 While many social economic and political changes have occurred recently in internet public procurement and its decision support systems there is still a lot of opportunity for improvement Public Sector Transformation Processes and Internet Public Procurement Decision Support Systems brings together research on different perspectives from academics and practitioners on the methods theories and practices involved in the growth and expansion of decision support systems as it relates to the public sector transformation process and internet public procurement
