they are helpful as reference manuals because of the easy to follow format Definitely a keeper in my bookshelf for future project reference Karen M Scott Great resource for studying for the LEED Exam I have taken and passed the LEED AP BD C exam and know what it takes As this author says it s not an easy exam and he is right What is critical to passing is having great teaching tools and this book is one of them He touches on every aspect of how to memorize data how questions are formed what to expect on tricky questions the content the test writers are looking for and every little detail you need to know when preparing for this exam I highly recommend this author s books if you are serious about passing any of the LEED exams hopefully on the first try S Jennifer Sakiewicz LEED BD it gave me insight and knowledge on how credits are applied Some questions in your book helped me answer ones on the test Good book I ll go through it once again when I appear for AP Haresh Vibhakar AIIA India AIA LEED Green Associate Architect A good outline The book is an excellent outline to learn the necessary items required to study for the exam It is not a comprehensive study guide in and of itself Practice exam is good indicator of test preparation Paul Levine Solid LEED Study Guide This is the kind of book I wish was available when I did my original LEED AP exam It teaches you how to study which is so important when school is a distant memory The bulk of the book helps you review and memorize with mnemonics the concepts for each credit that you need to know for the exam The questions are good representations of questions on the exam I would recommend to anyone studying for their exam that they First read the chapters in this book on how to study Second read the actual LEED BD C guide to give you the background information on the credits and gain comprehension Underline and review as the author indicates to get the most out of your study time Finally read the rest of this exam guide to help you review and memorize for the exam missfitz missfitz Very Helpful Guide Gang Chen s LEED BD C Exam Guides very helpful in consolidating information from USGBC and GBCI sources as well as providing the information that is necessary for the exam without excess irrelevant information I highly recommend this book for preparation for the LEED BD C exams leedap **Review Manual for the Certified Healthcare**

**Simulation Educator Exam, Second Edition** Linda Wilson, Ruth A. Wittmann-Price, 2018-11-28 Praise for the First Edition

The authors of this review manual have captured all of the elements of simulation from establishing the objectives of simulated learning experiences to constructing scenarios to debriefing students and the simulation team to assessing and evaluating the learning that has accrued. They have also described the range of simulation options and the contexts for their most effective use. Gloria F. Donnelly PhD RN FAAN FCPP Dean and Professor College of Nursing and Health Professions Drexel University. This is the first practice manual to help healthcare simulation educators in the United States and internationally to prepare for the certification exam in this burgeoning field. The second edition is revised to reflect the latest test blueprint and encompass key evidence based research that has been conducted since the first edition was published. Authored by noted experts in simulation and education who have carefully analyzed the test blueprint, the book distills the information most likely to be included on the exam. Information is presented in a concise, easy-to-read outline format. Numerous features help students to critically analyze test content including end of chapter review questions, proven test taking strategies, savvy simulation teaching tips, evidence based practice boxes, and a comprehensive practice test with answers and rationales. Current evidence based case studies help to connect simulation situations to simulation education. The manual also includes information about advanced certification and recertification. NEW TO THE SECOND EDITION: Updated to align with the new test blueprint. Encompasses an abundance of new evidence based research. KEY FEATURES: Fosters optimal learning and retention with a concise, easy-to-read bulleted format. Assists simulation educators in all healthcare disciplines. Includes Evidence Based Simulation Practice boxes focusing on current research. Provides savvy teaching tips and proven test taking strategies. Fosters critical thinking with case studies, end of chapter review questions, and comprehensive practice test with answers and rationales.
