Instruction on how to tell stories Includes 12 tales from other countries **The Columbia History of Chinese Literature** Victor H. Mair,2010-03-10 The Columbia History of Chinese Literature is a comprehensive yet portable guide to China's vast literary traditions Stretching from earliest times to the present the text features original contributions by leading specialists working in all genres and periods Chapters cover poetry prose fiction and drama and consider such contextual subjects as popular culture the impact of religion the role of women and China's relationship with non Sinitic languages and peoples Opening with a major section on the linguistic and intellectual foundations of Chinese literature the anthology traces the development of forms and movements over time along with critical trends and pays particular attention to the premodern canon **Worldly Stage** Sophie Volpp,2020-03-23 In seventeenth century China as formerly disparate social spheres grew closer the theater began to occupy an important ideological niche among traditional cultural elites and notions of performance and spectatorship came to animate diverse aspects of literati cultural production In this study of late imperial Chinese theater Sophie Volpp offers fresh readings of major texts such as Tang Xianzu's Peony Pavilion Mudan ting and Kong Shangren's Peach Blossom Fan Taohua shan and unveils lesser known materials such as Wang Jide's play The Male Queen Nan wanghou In doing so Volpp sheds new light on the capacity of seventeenth century drama to comment on the cultural politics of the age Worldly Stage arrives at a conception of theatricality particular to the classical Chinese theater and informed by historical stage practices The transience of worldly phenomena and the vanity of reputation had long informed the Chinese conception of theatricality But in the seventeenth century these notions acquired a new verbalization as theatrical models of spectatorship were now applied to the contemporary urban social spectacle in which the theater itself was deeply implicated **Snakes' Legs** Martin W. Huang,2004-09-30 Snakes Legs examines sequels xushu a common but long neglected literary phenomenon in traditional China What prompted writers to produce sequels despite their poor reputation as a genre What motivated readers to read them How should we characterize the nature of the relationship between sequels and rewritings Contributors to this volume illuminate these and other questions and the collection as a whole offers a comprehensive consideration of this vigorous genre while suggesting fascinating new directions for research Xushu as a discursive practice reinforces the paradox that innovation is impossible without imitation It presents us with fertile ground for studying the intricate ties that bind the writer and reader of traditional Chinese fiction the writer of xushu is always self consciously assuming the dual role of author and reader and in the writing process must consider both the work in progress as well as its precursor's Snakes Legs contains detailed discussions of some representative xushu works from the late Ming and Qing periods many of which have received little scholarly attention It will shed light on the development of Chinese fiction and the various textual practices in traditional China as well as account for the genre's

continuing vitality in modern times Contributors Robert E Hegel Siao chen Hu Martin W Huang Keith McMahon Qiancheng Li Ying Wang Ellen Widmer Laura H Wu Shuhui Yang The Story Tellers' Magazine ,1917 **Studies in Chinese**

Oedipal God Meir Shahar, 2015-08-31 *Oedipal God* offers the most comprehensive account in any language of the prodigal deity Nezha Celebrated for over a millennium Nezha is among the most formidable and enigmatic of all Chinese gods In this theoretically informed study Meir Shahar recounts Nezha's riveting tale which culminates in suicide and attempted patricide and uncovers hidden tensions in the Chinese family system In deploying the Freudian hypothesis Shahar does not imply the Chinese legend's identity with the Greek story of Oedipus For one in Nezha's story the erotic attraction to the mother is not explicitly acknowledged More generally Chinese oedipal tales differ from Freud's Greek prototype by the high degree of repression that is applied to them Shahar argues that despite a disastrous father son relationship Confucian ethics require that the oedipal drive masquerade as filial piety in Nezha's story dictating that the child god kill himself before trying to avenge himself upon his father Combining impeccable scholarship with an eminently readable style the book covers a vast terrain It surveys the image of the endearing child god across varied genres from oral and written fiction through theater cinema and television serials to Japanese manga cartoons It combines literary analysis with Shahar's own anthropological field work providing a thorough ethnography of Nezha's flourishing cult Crossing the boundaries between China's diverse religious traditions it tracks the rebellious infant in the many ways he has been venerated by Buddhist monks Daoist priests and possessed spirit mediums whose dramatic performances have served to negotiate individual familial and collective tensions Finally the book offers a detailed history of the legend and the cult reaching back over two thousand years to its origins in India where Nezha began as a mythological being named Nalakbara whose sexual misadventures were celebrated in the Sanskrit epics as early as the first centuries BCE Here Shahar reveals the long term impact that Indian mythology has exerted through the medium of esoteric Buddhism upon the Chinese imagination of divinity A tour de force of literary analysis ethnographic research psychological insight and cross cultural investigation *Oedipal God* is a must read for anyone interested in Chinese studies and the historical connection between India and China Shahar's broad reach and engaging approach will appeal to specialists and students in a variety of disciplines including Chinese religion Chinese literature anthropology Buddhist studies psychology Indian studies and cross cultural history
