The Mummy's Foot Theophile Gautier, Varla A. Ventura, 2012-04-01 Varla Ventura fan favorite on Huffington Post's Weirdest News frequent guest on Coast to Coast and bestselling author of *The Book of the Bizarre* and *Beyond Bizarre* introduces a new Weiser Books Collection of forgotten crypto classics *Magical Creatures* is a hair raising herd of affordable digital editions curated with Varla's affectionate and unerring eye for the fantastic Theophile Gautier's gothic tale of a man's magical adventures when he serendipitously walks into a Parisian curiosity shoppe to purchase a bauble and becomes owner of a 3 000 year old ancient Egyptian princess mummified foot

The Mummy's Foot Theophile Gautier, 2014-06-29 I had entered in an idle mood the shop of one of those curiosity venders who are called marchands de bric brac in that Parisian argot which is so perfectly unintelligible elsewhere in France You have doubtless glanced occasionally through the windows of some of these shops which have become so numerous now that it is fashionable to buy antiquated furniture and that every petty stockbroker thinks he must have his chambre au moyen ge

The Mummy's Foot Thophile Gautier, Lafcadio Hearn, 2013-12 I had entered in an idle mood the shop of one of those curiosity venders who are called marchands de bric brac in that Parisian argot which is so perfectly unintelligible elsewhere in France You have doubtless glanced occasionally through the windows of some of these shops which have become so numerous now that it is fashionable to buy antiquated furniture and that every petty stockbroker thinks he must have his chambre au moyen ge There is one thing there which clings alike to the shop of the dealer in old iron the ware room of the tapestry maker the laboratory of the chemist and the studio of the painter in all those gloomy dens where a furtive daylight filters in through the window shutters the most manifestly ancient thing is dust The cobwebs are more authentic than the gimp laces and the old pear tree furniture on exhibition is actually younger than the mahogany which arrived but yesterday from America

The Mummy's Curse Jasmine Day, 2006-09-27 The most penetrating study of the curse ever conducted *The Mummy's Curse* uncovers forgotten nineteenth century fiction and poetry revolutionizes the study of mummy horror films and reveals the prejudices embedded in children's toys Examining original surveys and field observations of museum visitors demonstrate that media stereotypes to which museums inadvertently contribute promote vilification of mummies which can invalidate demands for their removal from display Jasmine Day shows that the curse's structure and meaning has changed over time as public attitudes toward archaeology and the Middle East were transformed by events such as the discovery of Tutankhamun's tomb The riddle of the curse of the pharaohs is finally solved via a radical

anthropological treatment of the legend as a cultural concept rather than a physical phenomenon A must for anyone interested in this ancient and mystifying legend

Method in Madness Jutta Fortin, 2005-01-01 Method in Madness looks at the ways in which nineteenth century French literature of the fantastic reflected what psychoanalysis would later define as mechanisms of defence Each chapter of the book is dedicated to a particular mechanism fetishization projection intellectualization mechanization and compulsion and to a representative set of texts which illustrate and embody the process concerned The book thus systematizes what has remained up to now a rather vague perception of the psychological processes at work in fantastic narrative and of the relationship between the fantastic and the emerging science of psychoanalysis Although centred on French works including texts by Gautier M rim e Balzac George Sand Maupassant and Villiers de l Isle Adam the study necessarily deals with the German tradition of the fantastic notably Hoffmann and Freud It argues that mechanisms of defence not only take place in fantastic literature but that the fantastic itself in fact consists in translating defence into the real thus making clear to the reader the very processes by which defence occurs The book finds that the defence mechanisms fail in the fantastic because in this literature defence involves adding a real danger to a merely psychic one thereby intensifying the anxiety and displeasure which the mechanisms of defence are ideally designed to minimize
