The Essence of Sufism John Baldock,2005-03-01 Insight into Life is the real religion which alone can help man to understand Life Hazrat Inayat Khan The Sufis have been using carefully constructed stories for teaching purposes for thousands of years Though on the surface these often appear to be little more than fairy or folk tales the Sufis hold that they enshrine in their characters plots and imagery patterns and relationships that nurture a part of the mind not reachable in more conventional ways thus increasing our understanding flexibility and breadth of vision Familiarization with this body of material can eventually provide answers to questions about our origins and our destiny In this book John Baldock explores the rich body of literature the Sufis have produced to guide spiritual travellers While explaining the significant teachings and emphasizing their significance for us he sheds a timely light on the Sufis fascinating perception of life revealing it to be a process of the heart and not of the head and offers intriguing pathways to further study and reflection *Hafiz and the Religion of Love in Classical Persian Poetry* Leonard Lewisohn,2010-06-02 The romantic lyricism of the great Persian poet Hafiz 1315 1390 continues to be admired around the world Recent exploration of that lyricism by Iranian scholars has revealed that in addition to his masterful use of poetic devices Hafiz s verse is deeply steeped in the philosophy and symbolism of Persian love mysticism This innovative volume discusses the aesthetic theories and mystical philosophy of the classical Persian love lyric ghazal as particularly exemplified by Hafiz who along with Rumi and Sa di is Persia s most celebrated poet For the first time in western literature Hafiz s rhetoric of romance is situated within the broader context of what scholars refer to as Love Theory in Arabic and Persian poetry in particular and Islamic literature more generally Contributors from both the West and Iran conduct a major investigation of the love lyrics of Hafiz and of what they signified to that high culture and civilization which was devoted to the School of Love in medieval Persia The volume will have strong appeal to scholars of the Middle East medieval Islamic literature and the history and culture of Iran *Catching the Thread* Llewellyn Vaughan-Lee,Irina Tweedie,1998-07-10 A pioneering work integrating the traditional wisdom of the Sufis with the insights of Jungian psychology *Sufism* Llewellyn Vaughan-Lee,1995-06-01 This is a clear and accessible approach to the spiritual tradition of Sufism a mystical path which uses the energy of love for inner transformation Vaughan Lee gives an outline of Sufism its basic principles historical background and recent development in the West and offers practical guidelines to help the seeker *The Signs of God* Llewellyn Vaughan-Lee,2001-04-06 The Signs of God explores the importance of mystical consciousness at this time of global transition In the depths of the heart is hidden the secret purpose of creation which is the key to our present time of transformation The work of the mystic is to make this key accessible to humanity and so open the doors of revelation The possibilities of the future are present but veiled the joy of life is waiting to return The mystic can help us to awaken to the oneness that is essential to life and to recognize the signs of God that will guide us and reveal our true purpose *The Modern Middle East* Mehran Kamrava,2005-01-31 The first succinct and

Prophet al-Khidr Irfan A. Omar, 2022-09-02 The Qur'anic verses 18:60-82 in Surat al Kahf present the story of Khidr and Moses as a lesson on the modalities of being and of knowing Traditionally the story is seen from a variety of vantage points that include historical textual literary and allegorical each of which is framed differently depending on the religious cultural context This book in addition to examining the theological sources traces the story's mythical mystical and popular interpretations engendered by the Qur'anic story The author argues that the story's major contribution is its ability to communicate the importance of cultivating humility a fundamental goal for any person of faith Despite his importance in the Qur'an Moses is not the main hero in this story instead he is used to point to an even higher truth pertaining to the spiritual dimensions of faith This book suggests that Khidr's Qur'anic story symbolizes these truths by providing a perspective on the tension between materiality and spirituality the *ahir* exoteric and the *ba'in* esoteric and human and divine forms of knowledge Additionally in this work the Khidr narrative is viewed as a source of nourishment for theories that speak to the intersectionality between Islam and other religious traditions
