Far Out Nancy Weatherly Sharp, 2025-05-31 Far Out is not a book to debunk conventional ideas But over the years I have learned about experienced and been impressed by a number of alternative healing techniques Over time I became so intrigued with things alternative that I was impelled to learn more and more about them Even so I have done so cautiously never abandoning the skepticism and tough questions that were the hallmarks of my career as a reporter and writer for newspapers in Missouri California Washington D C and New York The journey I ve been on has ended up being enlightening inspirational and life changing Despite my initial doubts the efforts I set in motion to push back boundaries and unlock doors have brought me tremendous rewards personally Even though not every experience I have had has been totally positive and not everything I have read or been told has been credible along the way I have had truly amazing experiences made deep friendships enjoyed countless provocative conversations and spent hour after hour engrossed in what I have been reading or witnessing The people I ve come to know either in person or through their writings have taught me so much and enriched my life in so many ways And for this I owe so much to so many In sum not only am I a happier healthier more peaceful and more loving person now but also my eyes have been opened to a whole new way of living not to mention a whole new way of way of looking at our existence in this miraculous universe of ours Many of the ideas and practices I have been

introduced to ones that seemed so wrong headed in the beginning I now accept as sound and valuable even though they often directly contradict what I grew up knowing to be the truth Others have just added new dimensions and perspectives to the understandings I had so long ago So why have I put this story about my own personal journey to paper It s a question I ve wrestled with myself Certainly writing a book was not my objective when I initially set out on my explorations and I do sometimes wonder how what I have to say will be perceived by my more orthodox friends and readers But people who open their minds to the vast possibilities outside the boundaries of conventional wisdom and talk seriously of such things in the here and now are sometimes taken with a grain of salt I do hope that will not be the case with me I see my work as both enlightening and significant Also I am perfectly happy with my life just the way it is without being the author of this book Not only have I always been blessed career wise but also I am in excellent health have great friends and am married to the world s best husband James Roger Sharp a well known American historian and author of important studies on the birth of the nation and its development in the Jacksonian period And Roger and I have a loving family including a son daughter daughter in law and four grandchildren It certainly was not my intention to debunk conventional ideas most of which I am in complete agreement with anyway Although over the years I have learned about experienced and been impressed by a number of alternative healing techniques that does not mean that I am not a fan of Western medicine as well In fact my own personal experience with allopathic medicine has been superb In addition to not wanting to discredit conventional ideas I have not written this book to sell anyone on specific alternative ideas or approaches It is not my goal to persuade others to follow in my specific footsteps Far from it I see my path as mine and mine alone Although I ve spent more than a quarter century tirelessly exploring the multifaceted out of the mainstream world I only want to tell my story as accurately and entertainingly as possible But it is my experience and my story I am definitely not in any position to endorse anything I ve learned about experienced myself or witnessed someone else experience In the end then I have come to the conclusion that my primary motivation in writing this book is to tell a fascinating illuminating significant story a story I need to share because it sheds light on our incredible magnificent exquisite universe with its tantalizing mysteries As a newspaper reporter that has been my calling to use whatever knowledge and talents I have to investigate the world and then report back to readers what I have found and to do so as clearly accurately and entertainingly as I have known how Finally I have to say I would not be unhappy if reading my story were to enable at least a few readers to suspend their disbelief open their minds to out of the mainstream ideas and approaches and then set out themselves on their own individual journeys of discovery For those readers ready to personally dip a toe into the realm of things alternative then it is my hope that what I have written will serve as a useful how to guidebook to the territory ahead I wish them all the success in the world Furthermore sharing my story today seems even more timely relevant and maybe even urgent than when the writing of the book began I say this after becoming aware of predictions coming from both conventional and unconventional sources about the possibility that our future could be

fundamentally different than our present is and past has been Not only are mainstream figures like former Vice President Al Gore and many scientists urgently and repeatedly warning about changes we may all soon face as a result of the ways climate change may affect our planet but many alternative visionaries also are looking ahead to a planet unlike the one we know today In the final analysis I hope that my book while offering insights and guidance to readers no matter what the future brings turns out to be a great read Thus it is my desire that those who experience my journey vicariously by following in my footsteps will not only gain a far greater understanding of and appreciation for what this miraculous world of ours is all about but also enjoy the ride And if it should turn out that the Earth s future is one of great change it is my wish that the holistic ideas and approaches that I ve discovered along my path become especially empowering and valuable as they are less dependent on 21st century technology and more in line with the natural cycles and rhythms of our planet and the universe in which it resides So come with me It s an awesome place to be It s Far Out Silva Holistic Faith Healers José

Summary of Jose Silva's UltraMind ESP System by Ed Bernd Jr. :A New Way of Living thomas francis,2024-06-28 Jose Silva s UltraMind ESP System The introduction of Jose Silva s UltraMind ESP System sets the stage for understanding the profound capabilities of the human mind and how the UltraMind System can unlock those abilities The authors Jose Silva and Ed Bernd Jr begin by presenting a compelling case for the existence and potential of Extra Sensory Perception ESP They emphasize that ESP is not a rare or mysterious phenomenon but an inherent ability within everyone waiting to be developed and harnessed The introduction starts by exploring the origins of the UltraMind System tracing its roots back to Jose Silva s pioneering work in the 1960s Silva originally an electronics repairman became fascinated with the human mind and its potential His journey began with a quest to help his children improve their learning abilities which led him to discover that by altering brainwave frequencies one could tap into deeper states of consciousness These states such as the alpha and theta brainwave states are where ESP abilities are most accessible *Silva Holistic Faith Healers Resource Guide* José Silva,2013-04-09 Manual to be distributed to students in Jose Silva s Holistic Faith Healing workshops and seminars This manual does not have complete instructions only a review of what is taught in the seminars Do you have healing hands Yes

you do and I can prove it to you It is a matter of recognizing it mentally and doing it physically Read below to learn how Are you willing to be the very first Neighborhood Healer in your neighborhood Yes you can do this And it only takes a few minutes to learn how This is the wonderful gift that Jose Silva left us All we are asking now is that you try it and see for yourself that you have the ability channel healing energy through your body to help your neighbors Are you ready to learn Here s how to become a Holistic Healer A healer in every home Nothing is more important than good health And what could be more valuable than having a healer in your family Jose Silva s dream was to have a holistic faith healer in every home This is a big order So lets start by putting a healer in every neighborhood You can be the first and then you can share the home study course and the life saving Holistic Healing techniques with other people so that they can be the first healer in their neighborhood You can also encourage your neighbors to learn the techniques until eventually there is a healer in every home in your neighborhood You can be that healer with the power to relieve pain correct problems and give hope to those who need it Where does energy come from Higher intelligence When you help your neighbors in this manner you are literally an agent of higher intelligence an agent of God with healing energy flowing through your body How will you feel when your turn comes and a loved one or a neighbor is in desperate need of help Will you know what to do so that you can spring into action to relieve a pain correct problems and give hope to those who need it Or will you sit there feeling helpless and powerless wishing you had learned a simple technique that could relieve your loved one s pain and maybe save their life Many years of research Imagine what you d have to do if you wanted to learn the secrets of holistic faith healers You d travel the world persuading faith healers psychic surgeons with doctors mucumbas kahunas every type of healer you could find to permit you to observe them assist them and learn from them You would ask them to teach you their techniques but they would refuse They won t share the prestige and the honor that comes with their special ability You would have to rely on your understanding insight and intuition about how the human mind works about energy fields in and around the human body about universal healing energies and you would have to use all of your experience knowledge and insight to weed out the showmanship and misdirection from the real techniques the ones that actually produce the healing effect It would be a daunting task to unlock their secrets Only one scientist has succeeded at it Many techniques to correct health problems Jose Silva took the common denominators the things that he knew produce real results and developed scientifically researched and proven effective healing techniques that will work for you He used his techniques to help people in Laredo for many years Then he broke the unwritten code of secrecy and started teaching other people to heal the way he did I realized that I could not personally heal everybody who needed to be healed he explained But I knew that if I could train enough people so that there would be a healer in every home then in that way I could help everybody Now you can learn the same techniques that Jose Silva and thousands of Silva healers use in a convenient home study course or a live Holistic Faith Healing workshop The Silva Mind Control Method for Getting Help From the Other Side Robert B Stone,Jose Silva,2020-11-02
