Exam #3 Study Guide

This study guide provides a list of the major topics you are expected to know well in advance of your third exam in this course following a brief discussion of the exam format.

Exam Format: The exam will be taken on Blackboard, which utilizes the Respondus Lockdown Browser application. **You are required to download and install the Respondus Lockdown Browser software to your computer or iPad** in advance of the exam in order to take the exam at the assigned date and time. Most of you have already done this, but know that exceptions to taking the exam on Respondus will be very few and in cases of demonstrated need.

Respondus Lockdown Browser will monitor your activity on your computer while taking the exam, and prevent you from using any other program on your computer until you are finished with the exam. It will also provide video/audio monitoring while you complete the exam, so please make sure that a) you are aware and understand that you will be monitored in this way and b) that you set up your web camera and microphone appropriately, so that there is no delay in you starting the exam. There are directions that are easy to follow when you log in to take the exam.

The exam will again consist of a mixture of **multiple choice and short-answer (essay) questions**. You will have **one and a half hours** to complete the exam, which must be completed in one sitting. The exam availability period will begin on **December 1st at 12:01am** and continue through the end of the day on December 2nd (11:59pm).

Exam Content: This exam covers all course content that aligns with chapters 10 through 13 of your course textbook, as well as any in-class material and discussions since our second exam. In particular, the following topics are particularly important and will provide in some way the basis for most of the questions on the exam. This list is not exhaustive (you should study widely), but provides a solid foundation on which to base your studying:

Chapter 10

- Three major forms of local government: what are they, what are their main features, etc.
