Weinstein* Robert L. Oprisko, Diane Rubenstein, 2014-12-05

This book is a major reassessment of Michael Weinstein's political philosophy It situates his singular contribution designated as critical vitalism in the context of both canonical American and contemporary continental theory Weinstein is presented as a philosopher of life and as an American Nietzsche Yet the contributors also persuasively argue for this form of thinking as a prescient prophecy addressing contemporary society's concern over the management of life as well as the technological changes that both threaten and sustain intimacy This is the first full scale study of Weinstein's work which reveals surprising aspects of a philosophic journey that has encompassed most of the major American pragmatic or vitalist or Continental phenomenological or existential traditions Weinstein is read as a comparative political theorist a precursor to post structuralism and as a post colonial border theorist A different aspect of his oeuvre is highlighted in each of the book's three sections The opening essays comprising the Action diptych contrasts meditative versus extrapolative approaches Contemplation stages a series of encounters between Weinstein and his philosophic interlocutors Vitalism presents Weinstein as a teacher media analyst musician and performance artist The book contains an epilogue written by Weinstein in response to the contributors *Perspectives on Essential Health Benefits* Institute of Medicine, Board on Health Care Services, Committee on Defining and Revising an Essential Health Benefits Package for Qualified Health Plans, 2012-02-10

The Patient Protection and Affordable Care Act herein known as the Affordable Care Act ACA was signed into law on March 23 2010 Several provisions of the law went into effect in 2010 including requirements to cover children up to age 26 and to prohibit insurance companies from denying coverage based on preexisting conditions for children Other provisions will go into effect during 2014 including the requirement for all individuals to purchase health insurance In 2014 insurance purchasers will be allowed but not obliged to buy their coverage through newly established health insurance exchanges HIEs marketplaces designed to make it easier for customers to comparison shop among plans and for low and moderate income individuals to obtain public subsidies to purchase private health insurance The exchanges will offer a choice of private health plans and all plans must include a standard core set of covered benefits called essential health benefits EHBs The Department of Health and Human Services requested that the Institute of Medicine IOM recommend criteria and methods for determining and updating the EHBs In response the IOM convened two workshops in 2011 where experts from federal

and state government as well as employers insurers providers consumers and health care researchers were asked to identify current methods for determining medical necessity and share decision making approaches to determining which benefits would be covered and other benefit design practices Essential Health Benefits summarizes the presentations in this workshop The committee s recommendations will be released in a subsequent report

The Feminist Legislation Project Becky Batagol,Kate Seear,Heli Askola,Jamie Walvisch,2024-08-26 In this book leading law academics along with lawyers activists and others demonstrate what legislation could look like if its concern was to create justice for women Each chapter contains a short piece of legislation proposed in order to address a contemporary legal problem from a feminist perspective These range across criminal law sexual offences Indigenous women s experiences of criminal law laws in relation to forced marriage modern slavery childcare and sentencing civil law aged care and housing rights regulating the gig economy surrogacy gender equity in the construction industry and constitutional law human rights legislation reimagining parliaments where laws are made for the benefit of women The proposed laws are moreover drafted with feedback from a senior parliamentary draftsman providing guidance to contributors in a personal capacity to ensure conformity with legislative rigour as well as accompanied by an explanation of their reasons and their aims Although the legislation is Australian based the issues raised by each are recognisably global and are reflected in the legislation of most other nations This first feminist legislation project will appeal to scholars of feminist legal studies gender and the law gender studies and others studying or working in relevant legal areas

Academic Promotion for Clinicians Anne Walling,2017-11-10 This book is a practical guide to the appointment promotion and tenure APT process for clinical faculty members employed by medical schools The number of clinical faculty members in US medical schools has increased exponentially in the last two decades At the same time faculty career tracks and promotion requirements have changed dramatically and medical schools have introduced multiple non tenure career tracks Currently only about 25% of the approximately 150 000 members of clinical departments This book provides insights and recommendations on career planning and academic promotion for clinical faculty members It also addresses much of the mythology surrounding the APT process and demonstrates how academic promotion should be used as a career building process rather than a daunting high risk event Topics include concepts and processes within academic promotion navigating the academic promotion and tenure process and managing the outcome of the APT application Academic Promotion for Clinicians is a valuable resource for clinical medicine faculty members as they engage in and successfully handle the challenges in the APT process and thus realize their career goals
