Finger Pointing to the Moon Osho,2024-05-03 One who is not ready to stake his very life will never be able to know the hidden mysteries of life Those secrets are not available cheaply Knowledge is available very cheaply knowledge is available from books from scriptures in education with the teachers Knowledge is available almost for free you do not have to pay anything for it In religion you have to pay heavily It is not right even to say heavily because only when someone stakes everything do the doors to that life open The doors to that life open only for those who put this life at stake To put this life at stake is the only key to the door of that life But knowledge is very cheap so the mind chooses the easier and the cheaper way We learn things words doctrines and think that we know Such knowledge only enhances ignorance

The Improvement of the Mind Isaac Watts,1840 [Exploring the Mind of God: An Introduction to Shi'ite Legal Epistemology](#) Hashim Bata,2023-05-25 This book introduces readers to the legal epistemology that is advocated within Twelver Shi ite u l al fiqh legal theory It critically surveys the epistemological underpinnings upheld by post 19th century U l clerics that impel them to mainly deduce and interpret Sharia using scripture and literalist hermeneutical methods An evaluation of these underpinnings uncovers the important juxtaposition that exists between the seminarian discourses of u l al fiqh and philosophy The book hypothesises that u l al fiqh has both space and historical precedence to accept alternative epistemological theories that may enable orthodox Shi ite clerics to display greater dynamism in deducing and interpreting Sharia
