tactics are fundamental to modern animal agriculture but have long evaded critical analysis In this collection academic and activist contributors investigate the many forms of denialism perpetuated by the animal agriculture industry What strategies does the industry use to avoid questions about its inhumane treatment of animals and its impact on the environment and public health What narratives myths and fantasies does it promote to sustain its image in the public imagination powerful timely and essential David Nibert author of *Animal Oppression and Human Violence Domesecration Capitalism and Global Conflict* Meatsplaining equips us to identify the lies at the heart of animal agriculture It s an excellent and timely compilation on an exceedingly vexing problem Carol J Adams author of *The Sexual Politics of Meat* and *Burger Meatsplaining* is the first book to give an apt name to the animal agriculture industry s relentless campaign of disinformation and denialism Written in a clear lively and accessible style Meatsplaining will surely educate the public about the horrors of animal agriculture Marc Bekoff author of *The Animals Agenda Freedom Compassion and Coexistence in the Human Age* Cruelty thrives in secrecy and the meat industry is highly skilled at concealing the routine abuse and misery that flourishes on modern farms Meatsplaining cuts through the spin and exposes the meat industry s massive PR machine It explores how Big Meat uses language obfuscation and denial to misdirect the public s attention away from its commodification of sentient animals environmental devastation and the looming health crisis caused by eating animals This book is a must read for animal advocates and anyone else who no longer wants to be lied to Camille Labchuk Executive Director Animal Justice This book provides a necessary corrective to the fantasy world created by meat industry propaganda As we grapple with a global zoonotic pandemic and biodiversity crisis it is urgent for us to start thinking clearly about who and what is on our plates John Sorenson Brock University
