geography and science among others In this book the author uses the findings of a qualitative multi site case study on teaching the TTEA in selected countries in the Caribbean and the Americas Africa and Europe to offer readers and especially teachers multiple understanding of this complex and emotive subject This is done through an examination of content which she explores thematically as well as through a discussion of teachers thinking planning and delivery of this content Dr Gift also addresses the challenges teachers face negotiating the emotional issues associated with both teaching and learning the subject The TTEA is heavy with content related to race prejudice and discrimination all of which are emotive issues The lessons are learned from the case study which informs the book assist in the anticipation of such challenges and provide strategies and signposts for teachers Secondary school teachers in the English speaking Caribbean will find this book an invaluable resource in their practice of teaching the TTEA However it can also offer valuable insights to teachers in the Spanish and French speaking Caribbean the USA Brazil West Africa and in the UK and Europe The Psychoanalytic Review ,1924
