Source In Anthropology:

SOURCE BOOK IN ANTHROPOLOGY A. L. KROEBER, 2018 **Source Book in Anthropology** Alfred Louis Kroeber, Thomas Talbot Waterman, 1920 *Networked Anthropology* Samuel Gerald Collins, Matthew Slover Durington, 2014-08-27 The advent of social media offers anthropologists exciting opportunities to extend their research to communities in fresh ways At the same time these technological developments open up anthropological fieldwork to different hazards *Networked Anthropology* explores the increasing appropriation of diverse media platforms and social media into anthropological research and teaching The chapters consider the possibilities and challenges of multimedia how network ecologies work the ethical dilemmas involved and how to use multimedia methodologies The book combines theoretical insights with case studies methodological sketches and pedagogical notes Drawing on recent ethnographic work the authors provide practical guidance in creative ways of doing networked anthropology They point to the future of ethnography both inside and outside the classroom and consider ways in which networked anthropology might develop Cultural Anthropology JoAnn Jacoby, Josephine Kibbee, 2007-05-30 The latest edition of a major literature guide provides citations and informative annotations on a wide range of reference sources including manuals bibliographies indexes databases literature surveys and reviews dissertations book reviews conference proceedings awards and employment and grant sources The organization closely follows that of the 1st edition with some much needed additions relating to online resources and new areas of interest within the field such as forensic anthropology environmental anthropology and Lesbian Bisexual Gay and Transgendered Anthropology Separate sections focus on individual subfields as well as emerging concerns such as ethical issues in cultural heritage preservation For academic and research library collections as well as faculty members in anthropology area studies and intercultural studies Source Book in Anthropology Alfred Louis Kroeber, 1965 **Using Historical Sources in Anthropology and Sociology** David C. Pitt, 1972 **Anthropology , EPA National Publications Catalog** United States. Environmental Protection Agency, 2003 Ethnomusicology Jennifer Post, 2004-03-01 *Ethnomusicology* A Research and Information Guide is an annotated bibliography of books recordings videos and websites in the field of ethnomusicology The book is divided into two parts Part One is organised by resource type in catagories of greatest concern to students and scholars This includes handbooks and guides encyclopedias and dictionaries indexes and bibliographies journals media sources and archives It also offers annotated entries on the basic literature of ethnomusicological history and research Part Two provides a list of current publications in the field that are widely used by ethnomusicologists Multiply indexed this book serves as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the past decades Information Sources of Political Science Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world s leading comprehensive bibliography of American and international politics The eagerly anticipated new edition of the

widely acclaimed Information Sources of Political Science is the most comprehensive English language political bibliography available offering the surest way for students and researchers to get straight to the information they need Like no other volume it provides a fully rounded view of the field both in the United States and internationally including relevant works in history economics sociology and education Its 2 500 entries cover a wide variety of source types indexing and abstracting services major bibliographical tools encyclopedias dictionaries handbooks directories statistical compilations and more In addition this edition is the first to feature substantial coverage of electronic resources both databases and Internet sites Each source receives its own annotation with entries grouped in categories to bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries

The Reference Collection William J. Frost, 2005 Stay up to date with the growing amount of reference resources available online How important is the World Wide Web to information retrieval and communication Important enough that information professionals have seen students exit from their libraries en masse when Internet service was lost Internet providers dominate the indexing and abstracting of periodical articles as major publishers now offer nearly all of their reference titles in digital form Libraries spend increasing amounts of funding on electronic reference materials and librarians devote an increasing amount of time to assisting in their use The Reference Collection From the Shelf to the Web is an essential guide to collection development for electronic materials in academic and public libraries The Reference Collection From the Shelf to the Web tracks the continuing evolution of electronic reference resources and how they re accessed in a variety of settings Librarians representing university elementary school and public libraries in the United States and Australia examine how reference collections have evolved over time and may soon be a thing of the past how public and school libraries have dealt with the changes why library research assignments have become more difficult for teachers to make and for students to complete how to organize online reference sources and why the nature of plagiarism has changed in the electronic era The book also examines the use of electronic references from a publisher s perspective and looks at the most important Web accessible reference tools both free and subscription in the areas of humanities medicine the social sciences business and education The Reference Collection From the Shelf to the Web also examines issues of authority accessibility cost comfort and user education in evaluating electronic resources the formation of purchasing consortia to facilitate the transfer of reference materials from print to online formats current literature and research findings on the state of digital versus print reference collections what electronic publishing means to smaller reference books dictionaries almanacs etc the need for increased information literacy among students the nature extent and causes of cyber plagiarism the use of federated search tools and includes a selected list of the top 100 free Internet reference sites The Reference Collection From the Shelf to the Web is an essential resource for all reference and collection development librarians and an invaluable aid for publishing professionals

Sources and Methods in Indigenous Studies Chris Andersen,Jean M. O'Brien,2016-12-19 Sources and Methods in Indigenous Studies is a synthesis of changes and innovations in methodologies in Indigenous Studies focusing on sources over a broad chronological and geographical range Written by a group of highly respected Indigenous Studies scholars from across an array of disciplines this collection offers insight into the methodological approaches contributors take to research and how these methods have developed in recent years The book has a two part structure that looks firstly at the theoretical and disciplinary movement of Indigenous Studies within history literature anthropology and the

social sciences Chapters in this section reveal that while engaging with other disciplines Indigenous Studies has forged its own intellectual path by borrowing and innovating from other fields In part two the book examines the many different areas with which sources for indigenous history have been engaged including the importance of family gender feminism and sexuality as well as various elements of expressive culture such as material culture literature and museums Together the chapters offer readers an overview of the dynamic state of the field in Indigenous Studies This book shines a spotlight on the ways in which scholarship is transforming Indigenous Studies in methodologically innovative and exciting ways and will be essential reading for students and scholars in the field

Anthropological Resources Lee S. Dutton, 2013-05-13 This work provides access to information on the rich and often little known legacy of anthropological scholarship preserved in a diversity of archives libraries and museums Selected anthropological manuscripts papers fieldnotes site reports photographs and sound recordings in more than 150 repositories are described Coverage of resources in North American repositories is extensive while Great Britain France the Netherlands Australia and certain other countries are more selectively represented Entries are arranged by repository location and most contributors draw upon a special knowledge of the resources described Contributors include James R Glenn National Anthropological Archives Elizabeth Edwards and Veronica Lawrence Pitt Rivers Museum University of Oxford Francisco Demetrio S J Museum and Archives Xavier University Philippines and many others The guide covers selected documentation in social and cultural anthropology physical anthropology archaeology and folklore Some major area studies collections such as the Asia Collections Cornell University Libraries and the Melanesian Archive at the University of California San Diego are also represented Web URLs have been cited when available and personal and ethnic name indexes are provided
