Sovereignty And Responsibility Power Norms And Intervention In International Relations:

Sovereignty and Responsibility J. Moses, 2014-11-18 This book is a critical study of the concept of sovereignty and its relationship to responsibility It establishes a clear distinction between empirical and normative definitions of sovereignty and examines the implications of these concepts in relation to intervention international law and the world state Sovereignty and Responsibility J. Moses, 2014-11-18 This book is a critical study of the concept of sovereignty and its relationship to responsibility It establishes a clear distinction between empirical and normative definitions of sovereignty and examines the implications of these concepts in relation to intervention international law and the world state **Norm Contestation, Sovereignty and (Ir)responsibility at the International Criminal Court** Emanuela Piccolo Koskimies, 2021-10-26 Grappling specifically with the norm of sovereignty as responsibility the book seeks to advance a critical constructivist understanding of norm development in international society as opposed to the conventional or liberal constructivist mis understanding that still dominates the debate Against this backdrop the book delves into the institutionalization of sovereignty as responsibility within the lived practice of the International Criminal Court ICC More to the point the proposed exploration intends to revive questions about the power laden nature of the normative fabric of international society its dis symmetries and its outright hierarchies in order to devise an original framework to operationalize research on how institutional practice impinges on norm development To this end the book resorts to an original creole vocabulary which combines the contributions of post positivist constructivist scholars with the legacy of key post modernist thinkers such as Michel Foucault and Jacques Derrida as well as critical approaches to International Criminal Law and Post Colonial Studies The book will appeal to scholars of international relations and international law in addition to critical scholars more broadly as well as to practitioners in the fields of human rights and international justice interested in normative theory and the implementation and contestation of international social norms Atrocity Crimes and International Law Stacey Henderson, 2022-10-31 Despite repeated declarations of never again in response to the commission of atrocities civilians have continued to be targeted by their leaders and opposition groups The international law principles of sovereignty and non intervention when taken at their highest require States to stand idle and not intervene in another State regardless of what atrocities may be occurring there This traditional legal view is being challenged by an emerging practice of States choosing to respond in non forceful ways inspired by the concept of the Responsibility to Protect R2P Drawing on R2P this book introduces and develops an original conceptual tool intercession to capture and explain this change in State practice and the impact of R2P on the development of international law Through a close examination of State practice the work explores whether there has been an expansion in the permissible measures and situations in which States can intervene without using force in response to atrocity crimes occurring in other States This book concludes that the development of the secondary duty on the international community under R2P provides the greatest opportunity to progress the R2P framework in a

meaningful way which will have a significant impact on the protection of populations from atrocity crimes The book will be essential reading for students researchers and policymakers working in the areas of international law international relations humanitarian law and peace and security studies *Protecting Human Rights in the 21st Century* Aidan Hehir,Robert W. Murray,2017-04-12 This book contributes to current debates on the protection of human rights in the 21st century With the global economic collapse the rise of the BRICS the post intervention chaos in Libya the migration crisis in Europe and the regional conflagration sparked by the conflict in Syria the need to protect human rights has arguably never been greater In light of the precipitous decline in global respect for human rights and the eruption or escalation of intra state crises across the world this book asks what is the future of human rights protection Seeking to avoid both denial and fatalism this book thus aims to examine the principles at the very foundation of the debate on human rights diagnose the causes of the decline of liberal internationalism so as to offer guiding lessons for future initiatives identify those practices and developments that can and should be preserved in the new era question the parameters of the contemporary debate and advance perspectives that aim to identify the contours of future ideas and practices that may offer a way forward This book will be of much interest to students of humanitarian intervention R2P international organisations human rights and security studies Introduction to Politics Robert Garner,Peter Ferdinand,Stephanie Lawson,2023 The only introductory textbook to bring together theory comparative politics and international relations to provide the most comprehensive and global introduction to politics available **A Theory of De Facto States** Lucas Knotter,2023-12-12 A Theory of De Facto States offers a new perspective on the phenomenon of de facto states political communities that manifest forms of statehood in international politics but lack international legal recognition zooming in on two prominent examples Somaliland and Kosovo Employing a thorough understanding of classical realist theories of international relations this book provides a fresh critique of the common ways in which existing research tends to identify the ostensible state features of these communities In contrast to the prevalent portrayals of such features in terms of international legal discursive and or everyday logics this book argues that de facto states can be most fundamentally characterised as exceptional polities in international relations Showcasing how the statehood and sovereignty of de facto states is based in international political crises this book concludes that these entities function as recurring disruptions of any supposed international political order A Theory of De Facto States will therefore be of interest to researchers of secession de facto statehood and International Relations theory alike **Global Politics** Stephanie Lawson,2021 The most concise introduction to international relations covers all the essentials with learning features that link theories to the real world Global Politics is a concise and engaging introduction to international relations In it Stephanie Lawson introduces the key theories and concepts underpinning the discipline giving readers a foundation to study politics on both a personal and global scale including issues relating to gender sexuality and ethnicity as well as the economy environment and concepts of justice The textbook presents theories in their historical context demonstrating how

they can evolve over time Case studies both contemporary and historical and biographies of key figures help bring these issues to life Additional features such as key debates and summary questions provide opportunities to analyse issues from a range of perspectives The End of American World Order Amitav Acharya,2018-03-16 The age of Western hegemony is over Whether or not America itself declines or thrives under President Trump s leadership the post war liberal international order underpinned by US military economic and ideological primacy and supported by global institutions serving its power and purpose is coming to an end But what will take its place A Chinese world order A re constituted form of American hegemony A regionalized system of global cooperation including major and emerging powers In this updated and extended edition of his widely acclaimed book Amitav Acharya offers an incisive answer to this fundamental question While the US will remain a major force in world affairs he argues that it has lost the ability to shape world order after its own interests and image As a result the US will be one of a number of anchors including emerging powers regional forces and a concert of the old and new powers shaping a new world order Rejecting labels such as multipolar apolar or G Zero Acharya likens the emerging system to a multiplex theatre offering a choice of plots ideas directors power and action leadership under one roof Finally he reflects on the policies that the US emerging powers and regional actors must pursue to promote stability in this decentred but interdependent multiplex world Written by a leading scholar of the international relations of the non Western world and rising above partisan punditry this book represents a major contribution to debates over the post American era

Historical Dictionary of International Relations Peter Lamb,Fiona Robertson-Snape,2017-03-21 The Historical Dictionary of International Relations is a general guide to the theory and practice of the relations between states and between states and other actors on the world stage It introduces readers to the real world operations of international relations and is thus concerned with the actual relations between states organizations groups and people It also offers introductory information about the various theories old and new that help explain these relations why they happen and the possible alternatives that might be available now or in the future Moreover some of the key thinkers of these theories are discussed The Historical Dictionary of International Relations contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on real world operations of international relations the actual relations between states organizations groups and people This book is an excellent resource for students researchers and anyone wanting to know more about International Relations **Selective Responsibility in the United Nations** Katy Harsant,2022-08-30

The United Nations claims to exist in order to maintain international peace and security providing a space within which all states can work together But why then does the UN invoke its responsibility to protect through humanitarian intervention in some instances but not others Why is it that five states have the power to decide whether or not to intervene This book challenges the dominant narrative of the UN as an institution of equality and progress by analyzing the colonial origins of the organization and revealing the unequal power relations it has perpetuated Harsant argues that the United Nations is unable

to fulfill its claims around the protection of international peace and security due to its very structure and the privilege of certain states. Moreover, through a rigorous examination of the history of the UN and how those structures came to be, she argues that the privilege afforded to these states is the result of power relations established through the colonial encounter. In order to understand the pressing contemporary issues of how the United Nations operates, particularly the Security Council, this book discusses issues of power and sovereignty by de-silencing the narratives of resistance and reconstructing a history of the United Nations that takes this colonial and anti-colonial relationship into account. This is a bold challenge to the eurocentrism that dominates International Relations discourse and a call to better understand the colonialism's role in preserving the existing global order.

The Routledge Handbook on Responsibility in International Relations Hannes Hansen-Magnusson, Antje Vetterlein, 2021-07-29. What does responsibility mean in International Relations (IR)? This handbook brings together cutting edge research on the critical debates about responsibility that are currently being undertaken in IR theory. This handbook both reflects upon an emerging field based on an engagement in the most crucial theoretical debates and serves as a foundational text by showing how deeply a discussion of responsibility is embedded in broader questions of IR theory and practice. Contributions cover the way in which responsibility is theorized across different approaches in IR and relevant neighboring disciplines and demonstrate how responsibility matters in different policy fields of global governance. Chapters with an empirical focus zoom in on particular actor constellations of emerging states, international organizations, political movements or corporations or address how responsibility matters in structuring the politics of global commons such as oceans, resources or the Internet. Providing a comprehensive overview of IR scholarship on responsibility, this accessible and interdisciplinary text will be a valuable resource for scholars and students in many fields including IR, international law, political theory, global ethics, science and technology area studies, development studies, business ethics and environmental and security governance.

International Relations as Politics among People Hannes Hansen-Magnusson, 2019-11-25. Pioneering a hermeneutic methodology for analyses of global governance, this is the first monograph that makes Hans Georg Gadamer's and Paul Ricoeur's hermeneutic philosophy relevant for global politics research. Drawing on the concept of horizon as the element that captures the dynamics of understanding in social interaction in order to analyse processes of international politics, this book shows that what is required is the embeddedness of meanings and ideas in human action and reflection. By advancing theory building with regard to particular questions of global governance, it reconceptualises international relations as politics among people. Providing a contextualised constructivist approach that highlights the importance of processes to which people are central, it challenges the use of collective concepts such as state and nation as units of analysis which continue to dominate international relations but which cloud the details of interaction processes. The two case studies of UN Convention on the Law of the Sea and Germany in NATO's mission Operation Allied Force in Kosovo in 1999 are structured around this contextualised constructivist approach developed in the monograph. The studies reveal how interaction processes

can be made accountable leading to new vantage points of our understanding of governance problems This book will be of interest to scholars interested in global governance the work of Hans Georg Gadamer Paul Ricoeur and hermeneutic philosophy the UN humanitarian interventions and foreign policy analysts **State Renaissance for Peace** Emmanuel H. D. De Groof, 2020-08-27 After 1989 the function of transitional governance changed It became a process whereby transitional authorities introduce a constitutional transformation on the basis of interim laws In spite of its domestic nature it also became an international project and one with formidable ambitions ending war conflict or crisis by reconfiguring the state order This model attracted international attention from the UN Security Council and several regional organisations and became a playing field of choice in international politics and diplomacy Also without recourse to armed force international actors could impact a state apparatus through state renaissance This book zooms in on the non forcible aspects of conflict related transitional governance while focusing on the transition itself This study shows that neither transitional actors nor external actors must respect specific rules when realising or contributing to state renaissance The legal limits to indirectly provoking regime change are also being unveiled **The United States and Great Power Responsibility in International Society** Wali Aslam, 2013-07-24 This book evaluates American foreign policy actions from the perspective of great power responsibility with three case studies Operation Iraqi Freedom American drone strikes in Pakistan and the post 9 11 practice of extraordinary rendition This book argues that the US invasion of Iraq in 2003 American drone attacks in Pakistan and the practice of extraordinary rendition are the examples of irresponsible actions undertaken by the U S acting as a great power in international society Focusing on a major theoretical approach of International Relations the English School this book considers the responsibilities of great powers in international society It points to three obligations of great powers to act according to the norm of legality to act according to the norm of legitimacy and to adhere to the principles of prudence The author applies the criteria of legality legitimacy and prudence to analyse the three foreign policy endeavours of the U S and developing a normative framework clarifies the implications for future U S foreign policy This book will be of strong interest to students and scholars of international relations international relations theory American politics foreign policy studies international law South Asian studies and Middle Eastern studies *African peace* Kathryn Nash, 2021-02-09 African regional organizations have played leading roles in constructing collective conflict management rules for the continent but these rules or norms have not been static Currently the African Union AU deploys monitors authorizes peace support operations and actively engages to resolve internal conflicts Just a few decades ago these actions would have been deeply controversial under the Organization of African Unity OAU What changed to allow for this transformation in the way the African regional organization approaches peace and security African peace examines why the OAU chose norms in 1963 that prioritized state security and led to a policy of strict non interference even in the face of destabilizing violence and why the AU chose very different norms leading to a disparate conflict management policy in the early 2000s Even if the AU s

capacity to respond to conflict is still developing this new policy has made the region more willing and capable of responding to violence Nash argues that norm creation largely happened within the African context and international pressure was not a determinant factor in their evolution The role of regions in the international order particularly the African region has been under theorized and under acknowledged and this book adds to an emerging literature that explores the role of regional organizations in the Global South in creating and promoting norms based on their own experiences and for their own purposes

Evaluating the Responsibility to Protect Noële Crossley, 2016-03-31 This book evaluates the extent to which the Responsibility to Protect R2P has consolidated as a norm in international society A consolidated norm in international society is defined here as a regularised pattern of behaviour that is widely accepted as appropriate within a given social context The analysis is based on the assumption that the R2P could be regarded as a consolidated norm if it were applied consistently when genocide and other mass atrocities occur and if international responses routinely conformed to the core principles inherent in the R2P seeking government consent multilateralism prevention and regionalism This book employs Finnemore and Sikkink's norm lifecycle model to determine the putative norm's degree of consolidation with in depth case studies of the international responses to crises in Darfur and Kenya serving to illuminate the findings It advances the argument that whilst the R2P had fully emerged as a prospective norm by 2005 it has not yet fully consolidated as an international norm The R2P has been remarkably successful at pervading the international discourse but has been somewhat less successful at consistency in implementation in terms of adherence to its core principles as outlined above the qualitative dimension of the R2P Furthermore it has been least successful to date in terms of consistency across cases in terms of resolve and tenacity The volume concludes with a reflection on the norm's progress so far and its prospects for further consolidation assuming the R2P continues on its current trajectory This book will be of much interest to students of the Responsibility to Protect humanitarian intervention international law security studies and IR

Handbook on Global Constitutionalism Anthony F. Lang, Antje Wiener, 2023-11-03 This thoroughly revised Handbook presents an up to date political and philosophical history of global constitutionalism By exploring the constitutional like qualities of international affairs it provides key insight into the evolving world order

International Organizations and the Implementation of the Responsibility to Protect Daniel Silander, Don Wallace, 2015-04-17 This book seeks to understand the obligation of the international community to implement the principles of the Responsibility to Protect R2P With a focus on the humanitarian crisis in Syria the volume examines what formal responsibility and actual capability international institutions have to protect and prevent civilians from systematic mass atrocities and presents an analysis of several prominent international organizations IOs Each chapter focuses on a specific organization and explores their formal responsibilities and how these pertain to the obligations of the R2P Existing capabilities and actual abilities to address the challenges of R2P are analysed by looking at these issues before during and after the occurrence of the humanitarian crisis in Syria With the UN not fully

engaged in the Syrian conflict the systematic human rights abuses have engendered greater attention on other organizations This volume argues that if the UN Security Council's inactions result in an abdication of responsibilities under the UN Charter there should not only be a discussion of how the UN must alter its approach but also an examination of whether there are alternative R2P paths for other MNOs to take in the name of international peace and human security This book will be of much interest to students of R2P humanitarian intervention international organisations Middle Eastern politics and security studies

The Politics of Self-determination Kristina Roepstorff, 2013 There have been an increasing number of self determination conflicts where sub state groups challenge existing state authority This book explains how self determination can be exercised beyond the decolonisation process and demonstrates that rather than a threat to international peace and stability it has strong potential as a tool for conflict prevention and resolution

Eventually, you will no question discover a further experience and realization by spending more cash. still when? accomplish you agree to that you require to acquire those all needs taking into consideration having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to comprehend even more on the globe, experience, some places, once history, amusement, and a lot more?

It is your certainly own become old to play a part reviewing habit. accompanied by guides you could enjoy now is **Sovereignty And Responsibility Power Norms And Intervention In International Relations** below.

Sovereignty And Responsibility Power Norms And Intervention In International Relations Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sovereignty And Responsibility Power Norms And Intervention In International Relations has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sovereignty And Responsibility Power Norms And Intervention In International Relations has opened up a world of possibilities. Downloading Sovereignty And Responsibility Power Norms And Intervention In International Relations provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for

efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sovereignty And Responsibility Power Norms And Intervention In International Relations has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sovereignty And Responsibility Power Norms And Intervention In International Relations. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sovereignty And Responsibility Power Norms And Intervention In International Relations. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sovereignty And Responsibility Power Norms And Intervention In International Relations, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sovereignty And Responsibility Power Norms And Intervention In International Relations has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Sovereignty And Responsibility Power Norms And Intervention In International Relations Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including

classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sovereignty And Responsibility Power Norms And Intervention In International Relations is one of the best book in our library for free trial. We provide copy of Sovereignty And Responsibility Power Norms And Intervention In International Relations in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Sovereignty And Responsibility Power Norms And Intervention In International Relations. Where to download Sovereignty And Responsibility Power Norms And Intervention In International Relations online for free? Are you looking for Sovereignty And Responsibility Power Norms And Intervention In International Relations PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Sovereignty And Responsibility Power Norms And Intervention In International Relations. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Sovereignty And Responsibility Power Norms And Intervention In International Relations are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Sovereignty And Responsibility Power Norms And Intervention In International Relations. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Sovereignty And Responsibility Power Norms And Intervention In International Relations To get started finding Sovereignty And Responsibility Power Norms And Intervention In International Relations, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or

niches related with Sovereignty And Responsibility Power Norms And Intervention In International Relations So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Sovereignty And Responsibility Power Norms And Intervention In International Relations. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Sovereignty And Responsibility Power Norms And Intervention In International Relations, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Sovereignty And Responsibility Power Norms And Intervention In International Relations is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Sovereignty And Responsibility Power Norms And Intervention In International Relations is universally compatible with any devices to read.
