The Bilingual Lexicon Robert Schreuder,Bert Weltens,1993-08-06 In the study of bilingualism the lexical level of language is of prime importance because in practical terms vocabulary acquisition is an essential prerequisite for the development of skill in language use from a theoretical point of view the mental lexicon as a bridge between form and meaning plays a crucial role in any model of language processing A central issue in this volume is at which level of the bilingual speaker s lexicon languages share representations and how language specific representations may be linked The contributors favor a dynamic developmental perspective on bilingualism which takes account of the change of the mental lexicon over time and pays considerable attention to the acquisition phase Several papers deal with the level of proficiency and its consequences for bilingual lexical processing as well as the effects of practice This discussion raises numerous questions about the notion of lexical proficiency and how this can be established by objective standards an area of study that invites collaboration between researchers working from a theoretical and from a practical background *Calendar, incorporating year book* University of the West Indies (Mona, Jamaica),1966 **New Horizons in Language Learning and Teaching** Gabriela Trejo Pérez,Karina Godina,Eduardo Altamirano,2021-01-06 The papers gathered together in this volume deal with research on language acquisition language learning and teaching evaluation learning experiences in international contexts and particular challenges of the teaching of languages The contributions included here constitute an inspiring sample of the work done either by Latin American scholars or in the Latin American context of language learning that will also be relevant to other settings and contexts As such the book will appeal to all those involved in the process of teaching and learning of languages *The Modern Languages Forum* ,1926 **Interpreting** David Bowen,Margareta

Bowen,1990-01-01 This volume is concerned with the profession and discipline of interpretation The range of perspectives presented in this collection of essays exemplifies the rich diversity of the profession as we know it today Interpreting has been known to exist through the ages though it was not necessarily considered a profession as such We can attribute the current standing of the practice in large part to the historical circumstances which determined it and the efforts of those who responded to the need for communication within these circumstances In the same way our anticipation of future needs and the measures we are taking to prepare our next generation of interpreters to meet them will undoubtedly shape the direction our profession takes in the 21st century The contributors to this volume are practicing interpreters teachers of interpretation and administrators

Pedagogical Innovations in Foreign Language Learning via Interlocutor Familiarity Christine E. Poteau,2017-06-23 Creating classroom spaces that allow for increased learner participation and lowered anxiety levels allows for an inclusive learning environment Continuing collaborative efforts to challenge theories and further test methodologies by drawing upon research studies helps researchers and educators to become more informed about individual learner preferences and classroom contextual factors and to foster meaningful learning environments across disciplines Specifically examining distinct learner contexts can allow educators to explore new avenues of pedagogical design to improve learning contexts Taking into consideration diverse approaches to language pedagogies distinct learning styles and the growing need to develop intercultural competence in communities and professions across the globe this book will serve to help educators transform classrooms into socially engaging environments and explores innovative ways in which pedagogical performance and learning experiences can be improved Drawing upon sociocultural theory cognitive theory and affective factors in foreign language learning this study is based on doctoral research that explores the effects of interlocutor familiarity in group settings in two beginner level language courses Reflecting on diverse learner perspectives and individual learner factors can allow educators to increase learners connections to content and transform the way we approach pedagogical methods and diverse learner needs
