the needs of students across various streams and levels Sustainable Development in Africa Walter Leal Filho, Rudi Pretorius, Luiza Olim de Sousa, 2021-07-09 This book serves the purpose of documenting and promoting African experiences on sustainable development which encompasses both formal and non formal education Sustainable development is very important to Africa but there is a paucity of publication which documents and promotes experiences from African countries Due to their complexity the interrelations between social economic and political factors related to sustainable development especially at universities need to be better understood There is also a real need to showcase successful examples of how African institutions are handling their sustainability challenges It is against this background that this book has been produced It is a truly interdisciplinary publication useful to scholars social movements practitioners and members of governmental agencies and private companies undertaking research and or executing projects focusing on sustainability from across Africa As African nations strive to pursue the UN Sustainable Development Goals it is imperative to cater for the information needs seen across the continent and foster the dissemination of experiences and case studies which may support both on going and future efforts The scope of the book is deliberately kept wide and we are looking for contributions across the spectrum of sustainable development from business and economics to arts and fashion administration environment languages and media studies **Human-Computer Interaction: Applications and Services** Masaaki Kurosu, 2013-07-01 The five volume set LNCS 8004 8008 constitutes the refereed proceedings of the 15th International Conference on Human Computer Interaction HCII 2013 held in Las Vegas NV USA in July 2013 The total of 1666 papers and 303 posters presented at the HCII 2013 conferences was carefully reviewed and selected from 5210 submissions These papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems The papers accepted for presentation thoroughly cover the entire field of Human Computer Interaction addressing major advances in knowledge and effective use of computers in a variety of application areas This volume contains papers in the thematic area of human computer Interaction addressing the following major topics HCI in healthcare games and gamification HCI in learning and education in vehicle Interaction **ECSM 2017 4th European Conference on Social Media** Academic Conferences and Publishing Limited, 2017-07-03 **Recent Innovations in Artificial Intelligence and Smart Applications** Mostafa Al-Emran, Khaled Shaalan, 2022-10-01 This book tackles the recent research trends on the role of AI in advancing automotive manufacturing augmented reality sustainable development in smart cities telemedicine and robotics It sheds light on the recent AI innovations in classical machine learning deep learning Internet of Things IoT Blockchain knowledge representation knowledge management big data and natural language processing NLP The edited book covers empirical and reviews studies that primarily concentrate on the aforementioned issues which would assist scholars in pursuing future research in the domain and identifying the possible future developments of AI applications Management of the Interconnected World Alessandro D'Atri, Marco De Marco, Alessio Maria Braccini, Francesca Cabiddu, 2010-07-27 Joey F

George I was honored to be asked to open the VI Conference of the Italian Chapter of the Association for Information Systems ItAIS held in Olbia on the Costa Smeralda of Sardinia Italy in October 2009 Over 90 research papers were presented over two days and over 120 people attended the conference Each day five parallel sessions featured papers on diverse information systems topics Session themes included Information and Knowledge Management Organizational Change and Impact of ICT IS Quality Metrics and Impact E Justice and Ethics of Information Systems Information Systems Development and Design Methodologies E Services in Public and Private Sectors Innovation Transfer of IT Research Projects the Strategic Role of Information Systems Accounting Management and Information Systems Human Computer Interaction and Emerging Issues in a Globalized and Interconnected World The majority of attendees were from Italy which would be expected for a meeting of the Italian Chapter of AIS However as much as 30% of participants came from elsewhere from other parts of Europe to be sure but also from as far away as Nigeria Mexico and Australia That the conference was so decidedly international provides support for the 2009 conference theme Achieving Fusion in the Interconnected World Amid lively discussion and intellectual exchanges professional networks were extended well beyond the Costa Smeralda and new connections and friendships were made

Postgraduate Study in South Africa Liezel Frick, Puleng Motshoane, Christopher McMaster, 2016-11-21 The book explores concerns about the lack of higher education transformation around issues of equity curriculum reform language and race and how students navigate higher education complexities Students self reflective abilities creativity and pragmatic approaches to surviving and succeeding are indicators that postgraduate student success is as much internally as externally determined Each chapter speaks from a uniquely South African perspective The editors have tried to remain true to the voice of each contributor while simultaneously providing a coherent body of scholarly work

Utilisation of South African Research on Higher Education Jan Botha, Gabriele Vilyte, 2021-10-26 The relationship between research on the one hand and policy practice on the other hand is complicated and collaboration between scholars in research on higher education RHE and institutional research IR practitioners is often lacking This book marks a collaborative effort of a diverse range of South African RHE and IR scholars and asks the overarching questions What do we know about the utilisation of South African research on higher education SARHE and its subset of research known as Institutional Research How and by whom is this research used The book begins by looking at the historical underpinnings of SARHE and delineating the shape and size of this body of research This is followed by a series of case studies on South African Higher Education institutions and governmental bodies investigating how when and by whom are research on higher education and institutional research used in the decision making of these organisations This book is the first of its kind in South Africa and sets out to lay the groundwork for further research into the use uptake and utilisation of RHE and IR in this country
