

Description, complete machine

Machine description

The Skid Steer Loader is a self propelled skid steer machine fitted with either wheels or tracks. The main structural support is designed to carry a front mounted carriage onto which a shovel or an approved attachment can be fitted.

Note

The illustration(s) show a typical machine model; your machine may look different from the model(s) shown.

The machine is intended to be used under normal conditions for the applications described in the Operator's Manual.

When used normally with a shovel fitted, the machine loads or excavates through forward motion of the machine and lifts, transports and discharges material.

This machine is not intended for object handling.
