Century 21 Accounting Kenton E. Ross,2000 *Marginalized, Mobilized, Incorporated* Rina Verma Williams,2023 How has the participation of women in Hindu nationalist politics in India changed over time More broadly what has their changing participation meant for women Hindu nationalism and Indian democracy In *Marginalized Mobilized Incorporated* Rina Verma Williams places women s participation in religious politics in India into historical and comparative perspective through a focus on the most important Hindu nationalist political parties in modern Indian history the All India Hindu Mahasabha HMS and the Bharatiya Janata Party BJP She compares three critical periods to show the increasing involvement of women in Hindu nationalist politics over time In its formative years in the early 1900s the HMS marginalized women in the 1980s the BJP began to mobilize them and in the contemporary period as the BJP returned to power in 2014 it has incorporated women into its structures and activities Williams contends that the incorporation of women into Hindu nationalist politics has significantly advanced the BJP s electoral success compared to prior periods when women were either marginalized or mobilized in more limited ways For the BJP women s incorporation works to normalize religious nationalism in Indian democracy however incorporation has not been emancipatory for women whose participation in BJP politics is still predicated on traditional gender ideologies that tether women to their social roles in the home and family Drawing on significant new data sources Williams includes interviews with key BJP leaders visual campaign materials and an examination

of major campaign events to construct an unmatched before and after view of India's watershed 2014 elections. Given that the BJP is one of the most dynamic religious ethno-nationalist parties in the world at present, Williams' account of how it incorporated masses of women into its coalition is essential reading for scholars and students interested not just in India but in the relationship between gender and right-wing populist politics globally.
