Congress, 1993 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Military History United States. Superintendent of Documents, 1990 *East and South-East Asia* Andrew T. H. Tan, 2013-07-03 The economic growth of East and South East Asia in the context of the global financial crisis has strengthened the view that this region is emerging in the 21st century as the most economically vibrant region in the world With some of the largest economies and generally high economic growth rates compared to the rest of the world it is unsurprising that East and South East Asia has become the subject of global interest East Asia's rise inevitably focuses attention on the issue of China's

emergence as a regional and global power Such a prospect challenges the current status quo in which the region is dominated by the USA and its regional allies and issues in Sino US strategic relations have raised global awareness of the need to understand this pivotal region better In addition the Taiwan issue continues to evoke nationalist sentiments in China and North Korea continues to threaten regional stability Non traditional or alternative security issues are also of major importance in the region including natural disasters and epidemics as well as challenges relating to human rights and governance transnational crime demographic issues economics and trade and regionalism This Handbook aims to offer an insight into these issues The volume is divided into two main sections The first International Relations and Security Perspectives will focus on the international relations of the region paying special attention to the key state players The chapter contributions will examine the security perspectives and foreign and defence policies of these states as well as key bilateral relationships The second section will examine key Regional Non traditional Security Issues including globalization transnational health challenges population growth and the environment

is a keen interest among international resource companies to explore opportunities for investment in the country As early as
the 1700s oil was being produced onshore from deep hand dug wells and was exported as far afield as India But in the
petroleum sector the most dramatic change has been the discovery offshore of major gasfields The present volume is the first
to bring together information on the offshore as well as the onshore petroleum geology The readership is likely to include not
only those in the petroleum industry seeking an overview of the habitat of Myanmar s oil and gas but also researchers in the
broader field of SE Asian geology As in many parts of the world it has been the petroleum industry that has provided data of
value to stratigraphers structural geologists and those seeking to decipher the tectonic history of the region
