The Woman Who Turned Into a Jaguar, and Other Narratives of Native Women in Archives of Colonial Mexico Lisa Sousa, 2017-01-11 This book is an ambitious and wide ranging social and cultural history of gender relations among indigenous peoples of New Spain from the Spanish conquest through the first half of the eighteenth century In this expansive account Lisa Sousa focuses on four native groups in highland Mexico the Nahuatl Mixtec Zapotec and Mixe and traces cross cultural similarities and differences in the roles and status attributed to women in prehispanic and colonial Mesoamerica Sousa intricately renders the full complexity of women s life experiences in the household and community from the significance of their names age and social standing to their identities ethnicities family dress work roles sexuality acts of resistance and relationships with men and other women Drawing on a rich collection of archival textual and pictorial sources she traces the shifts in women s economic political and social standing to evaluate the

influence of Spanish ideologies on native attitudes and practices around sex and gender in the first several generations after contact. Though catastrophic depopulation, economic pressures, and the imposition of Christianity slowly eroded indigenous women's status following the Spanish conquest, Sousa argues that gender relations nevertheless remained more complementary than patriarchal, with women maintaining a unique position across the first two centuries of colonial rule.

Transforming Talk Susan E. Phillips, 2011-04-01 In recent decades, scholars have shown an increasing interest in gossip's social, psychological, and literary functions. The first book-length study of medieval gossip, *Transforming Talk* shifts the current debate and argues that gossip functions primarily as a transformative discourse influencing not only social interactions but also literary and religious practices. Known as *jangling* in Middle English, gossip was believed to corrupt parishioners, disturb the peace, and cause civil and spiritual unrest. But gossip was also a productive cultural force; it reconfigured pastoral practice, catalyzed narrative experimentation, and restructured social and familial relationships. *Transforming Talk* will appeal to a diverse audience, including scholars interested in late medieval culture, religion, and society, Chaucer, and women in the Middle Ages.

Transforming Borders Alejandra C. Elenes, 2010-11-15 *Transforming Borders: Chicana/o Popular Culture and Pedagogy* contributes to transformative pedagogies scholarship by adding the voices of Chicana feminist pedagogies, epistemologies, and ontologies. C. Alejandra Elenes develops her conceptualizations of border transformative pedagogies by linking the relationship between cultural practices, knowledge, and teaching in everyday life. She analyzes Chicana feminist cultural workers' educational actors reimagining three Mexican figures: La Llorona, the weeping woman; the Virgen of Guadalupe; and Malintzin Malinche as epistemological and pedagogical meanings. The three figures represent multiple meanings: traditional views on femininity, religion, and nationalist views on women; yet at the same time, feminists have reimagined these three figures and developed counter narratives that can offer alternatives to the traditional meanings. In developing border transformative pedagogies, Elenes looks at the significance of historical events such as the creation of the Mexico-U.S. border to understand the experiences of people of Mexican descent in the United States. She also examines oral histories of the legend of La Llorona in the Southwest, historical documents on the Spanish conquest of Mexico, and Chicana artists such as Ester Hernandez, Yolanda Lopez, Consuelo Jimenez Underwood, and Alma Lopez reimagining of the Virgen of Guadalupe. The conflicts over the meanings of the three figures can help us understand how Chicanas have used their voices to counter economic and gender inequalities and how pedagogical practices show that cultural productions are sites where forms of domination can be contested and recreated in ways that allow for the creation of alternative identities and subjectivities.

FREE to SERVE, God's Liberated Woman Jennifer Wallace, 2006 *Transforming Gender and Emotion* Sookja Cho, 2018-03-08 The Butterfly Lovers Story, sometimes called the Chinese Romeo and Juliet, has been enduringly popular in China and Korea.
