Transnational Social Work Practice:

Transnational Social Work Bartley, Allen, Beddoe, Liz, 2018-02-07 An international comparison of labour markets migrant professionals and immigration policies and their interaction in relation to social work *Transnational Social Work Practice* Nalini Junko Negi, Rich Furman, 2010-09-29 A growing number of people immigrants refugees asylum seekers displaced individuals and families lead lives that transcend national boundaries Often because of economic pressures these individuals continually move through places countries and cultures becoming exposed to unique risk and protective factors Though migration itself has existed for centuries the availability of fast and cheap transportation as well as today's sophisticated technologies and electronic communications have allowed transmigrants to develop transnational identities and relationships as well as engage in transnational activities Yet despite this new reality social work has yet to establish the parameters of a transnational social work practice In one of the first volumes to address social work practice with this emergent and often marginalized population practitioners and scholars specializing in transnational issues develop a framework for transnational social work practice They begin with the historical and environmental context of transnational practice and explore the psychosocial economic environmental and political factors that affect at risk and vulnerable transnational groups They then detail practical strategies supplemented with case examples for working with transnational populations utilizing this population's existing strengths They conclude with recommendations for incorporating transnational social work into the curriculum Transnational Social Work and Social Welfare Beatrix Schwarzer, Ursula Kämmerer-Rütten, Alexandra Schleyer-Lindenmann, Yafang Wang, 2016-08-05 The underlying frame of social work is the nation state and it is from within the state that welfare strategies and social policies are devised and implemented However post colonialism globalisation migration and the associated implications for human rights social justice and social welfare policies contest the idea of a clearly defined space for social work and present new challenges for researchers and practitioners *Transnational Social Work and Social Welfare* argues for the increased importance of the transnational perspective in social work theory and practice The book challenges the idea of the nation state as a given entity and argues that globalization and an increasing number of people crossing borders must have an impact on the theories and strategies of social work The international contributors are critical of a restricted focus on a geographically defined space and the impact on work with clients With cases covering China France India UK Germany Malaysia Israel Turkey the book highlights the challenges as well as the opportunities this new perspective can open up for theories and strategies in social work It will be of interest to students researchers and social workers interested in migration social care poverty and cultural competency in health and social care **Global social work** Carolyn Noble,, Helle Strauss, Brian Littlechild, 2014-06-30 Global social work crossing borders blurring boundaries is a collection of ideas debates and reflections on key issues concerning social work as a global profession such as its theory its curricula its practice its professional identity its concern with human rights and

social activism and its future directions Apart from emphasising the complexities of working and talking about social work across borders and cultures the volume focuses on the curricula of social work programs from as many regions as possible to showcase what is being taught in various cultural sociopolitical and regional contexts Exploring the similarities and differences in social work education across many countries of the Americas Asia Europe and the Pacific the book provides a reference point for moving the current social work discourse towards understanding the local and global context in its broader significance

Social Work in a Glocalised World Mona Livholts, Lia Bryant, 2017-04-07 This engaging and timely volume contributes new knowledge to the rapidly emerging field of globalisation and social work The volume brings together cutting edge interdisciplinary scholarship from countries such as Australia Finland Japan South Africa the Philippines and Sweden It proposes glocalisation as a useful concept for re framing conditions methodologies and practices for social work in a world perspective Part I of the volume The Glocalisation of Social Issues deals with major environmental social and cultural issues migration and human rights environmental problems and gendered violence Part II Methodological Re Shaping and Spatial Transgression in Glocalised Social Work develops an epistemology of situated knowledge and methodologies inspired by art creative writing and cultural geography focusing on physical material and emotional spatial dimensions of relevance to social work Part III Responses from Social Work as a Glocalised Profession examines how social work has responded to specific social problems crises and vulnerabilities in a glocalised world

Migration and Social Work Emilio José Gómez-Ciriano, Elena Cabiati, Sofia Dedotsi, 2024-06-18 With cross cultural perspectives from contributors in nine countries this book showcases much needed research on current issues around migration and social work in Europe Focusing on the reception experiences and integration of refugees and asylum seekers the chapters also consider the impact of recent EU policies on borders and integration With racism on the rise in some European societies the book foregrounds international social work values as a common framework to face discriminatory practice at macro and micro levels Featuring recommendations for inclusive practice that opens doors this book features the voices of migrants and the practitioners aiding their inclusion in new societies

Social Work Practice with Men at Risk Rich Furman, 2010-04-22 Treating men as a culturally distinct group Rich Furman integrates key conceptions of masculinity into culturally sensitive social work practice with men Focusing on veterans displaced workers substance abusers mental health consumers and other groups that might be unlikely to seek help Furman deftly explores the psychosocial development of men along with the globalization of men s lives alternative conceptions of masculinity and special dynamics within male relationships Furman bolsters his conclusions with case studies and evidence based interventions His cutting edge research merges four key social work theories and explores how they inform practice with mental health issues compulsive disorders addiction and violence By promoting gender equity and culturally competent practice with men Furman bridges the gap between clinical and macro practice
