Hiking the West Coast of Vancouver Island Tim Leadem, 2015. The rugged west coast of Vancouver Island offers some of the most spectacular and storied hiking in the Pacific Northwest. Home to the world-famous West Coast Trail, once a lifeline for marooned sailors and still among the most breath-taking yet demanding hikes on the continent, the island's western shores also feature lesser-known coastal trails for all abilities. From the tidal pools and pocket beaches of the Juan de Fuca Marine Trail to the craggy, surf-swept shores of Shushartie Bay and the North Coast Trail, the ten areas covered in this volume will give you a taste of the region's best hiking terrain. This third, fully updated and expanded edition delivers the detailed trail descriptions, insider tips, and clear two-colour maps that hikers have come to rely on, plus two entirely new sections on the wild and challenging North Coast Trail extension from Cape Scott and the remote and rarely visited Tatchu coastal hike on the Rugged Peninsula. Less experienced hikers may enjoy the Juan de Fuca Trail, a southern extension of the West Coast Trail from Port Renfrew to Jordan River, or the trails through the stunning old-growth forest of Carmanah Walbran Provincial Park. For day trippers, there's the Wild Pacific Trail, a northern extension of the West Coast Trail that begins in Ucluelet and heads north over headlands and white sand beaches toward Long Beach and Tofino. And for

those who prefer more remote hiking the northern part of the island offers the rugged Nootka Trail described by Backpacker magazine as a wild historic and beautiful trail or the boardwalk at Cape Scott where black bears share the windswept beaches with kayakers and the ghosts of shipwrecked crews From planning the trip to getting to and from the trailheads to choosing the most scenic campsites this is an indispensable guide for the thousands of hikers who use the West Coast Trail each year and for those who will want to use its alternatives
