journalistic practice of profile writing Profiles and the practice of writing them are of increasing interest to scholars of journalism because conflicts between the interviewer and the subject exemplify the changing nature of journalism itself While the subject often through the medium of their press representative struggles to retain control of the interview space the journalist seeks to subvert it This interesting and multi layered interaction however has rarely been subject to critical scrutiny partly because profiles have traditionally been regarded as public relations exercises or as soft journalism However chapters in this volume reveal not only that profiling has historically taken many different forms but that the idea of the interview as a contested space has applications beyond the subject of celebrated individuals The volume looks at the profile s historical beginnings at the contemporary manufacture of celebrity versus the ordinary at profiling communities countries and movements at profiling the destitute at sporting personalities and finally at profiling and trauma *The Disappeared: Stories of Missing Persons and the Search for Truth* ChatStick Team,2024-08-31 Unlock the Mysteries of the Disappeared In *The Disappeared Stories of Missing Persons and the Search for Truth* the ChatStick Team presents an immersive exploration into the heart wrenching world of unsolved disappearances This powerful collection chronicles the stories of those who have vanished without a trace offering a detailed look at the ongoing search for truth and the emotional toll it takes on those left behind Heartbreaking Stories Dive into the personal narratives of families who refuse to give up hope and the tireless investigators who won t rest until they uncover the truth Investigative Depth Each case is examined with meticulous attention to detail unraveling the complexities of the investigations that continue to baffle even seasoned detectives Perfect for True Crime Aficionados If you are captivated by real life mysteries the intricacies of human psychology and the pursuit of

Profiling Shakespeare

Marjorie Garber, 2008-03-25

The title of this collection *Profiling Shakespeare* is meant strongly in its double sense. These essays show the outline of a Shakespeare rather different from the man sought by biographers from his time to our own. They also show the effects, the ephemera, the clues and cues, welcome and unwelcome, out of which Shakespeare's admirers and dedicated scholars have pieced together a vision of the playwright, whether as sage, psychologist, lover, theatrical entrepreneur or moral authority. This collection brings together classic pieces, hard to find, chapters and two new essays. Here Garber has produced a book at once serious and highly readable, ranging broadly across time periods, early modern to postmodern, and touching upon both high and popular culture.
