

The background of the entire image is a dense, handwritten musical score on blue staves. The handwriting is in dark ink and appears to be a cursive or shorthand style, typical of a composer's working draft. The staves are filled with notes, rests, and other musical symbols, creating a complex, textured pattern.

Walt Whitman and Modern Music Lawrence Kramer, 2018-12-07. *Walt Whitman's poetry*, especially his Civil War poetry, attracted settings by a wide variety of modern composers in both English and German speaking countries. The essays in this volume trace the transformation of Whitman's nineteenth century texts into vehicles for confronting twentieth century problems: aesthetic, social, and political. The contributors pay careful attention to music and poetry alike in examining how the Whitman settings become exemplary means of dealing with both the tragic and utopian faces of modernism. The book is accompanied by a recording by Joan Heller and Thomas Stumpf of complete Whitman cycles composed by Kurt Weill, George Crumb, and Lawrence Kramer, and the first recording of four Whitman songs composed in the 1920s by Marc Blitzstein.

A New English Music Tim Rayborn, 2016-04-27. The turn of the 20th century was a time of great change in Britain. The empire saw its global influence waning and its traditional social structures challenged. There was a growing weariness of industrialism and a desire to rediscover tradition and the roots of English heritage. A new interest in English folk song and dance inspired art music which many believed was seeing a renaissance after a period of stagnation since the 18th century. This book focuses on the lives of seven composers: Ralph Vaughan Williams, Gustav Holst, Ernest Moeran, George Butterworth, Philip Heseltine, Peter Warlock, Gerald Finzi, and Percy Grainger, whose work was influenced by folk songs and early music.

The human voice an incredibly beautiful and expressive instrument and when multiple voices are unified in tone and purpose a powerful statement is realized No wonder people have always wanted to sing in a communal context a desire apparently stemming from a deeply rooted human instinct Consequently choral performance has often been related historically to human rituals and ceremonies especially rites of a religious nature This Historical Dictionary of Choral Music examines choral music and practice in the Western world from the Medieval era to the 21st century focusing mostly on familiar figures like Bach Beethoven Brahms and Britten But its scope is considerably broader and it includes all sorts of music religious secular and popular from sources throughout the world It contains a chronology an introduction a bibliography and more than 1 000 cross referenced dictionary entries on important composers genres conductors institutions styles and technical terms of choral music

"Beyond Jerusalem: Music in the Women's Institute, 1919-1969" Lorna Gibson, 2017-07-05

Music in the Women's Institute has become stereotyped by the ritualistic singing of Jerusalem at monthly meetings Indeed Jerusalem has had an important role within the organization and provides a valuable means within which to assess the organization's relationship with women's suffrage and the importance of rurality in the Women's Institute's identity However this book looks beyond Jerusalem by examining the full range of music making within the organization and locates its significance within a wider historical cultural context The Institute's promotion of conducting a regular part of its musical activity since the 1930s is discussed within the context of embodying overtly feminist

sentiments Lorna Gibson concludes that a redefinition of the term feminism is needed and the concept of gendered spheres of conducting provides a useful means of understanding the Institute's policy The organization's promotion of folk song is also examined and reveals the Institute's contribution to the Folk Revival as well as providing a valuable context within which to understand the National Federation's first music commission Ralph Vaughan Williams's *Folk Songs of the Four Seasons* 1950 This work and the Institute's second commission Malcolm Williamson's *The Brilliant and the Dark* 1969 are examined with the context of the organization's music policy In addition to discussing the background to the works issues of critical reception are addressed The book concludes with an Epilogue about the National Society Choir later known as the Avalon Singers which tested the organization's commitment to amateur music making The book is the result of meticulous work undertaken in the archives of the National Federation the BBC Written Archives Centre the V&A archives the Britten Pears Library the Ralph Vaughan Williams Library the Women's Library and the Newspaper Library
