Morgan, 2021-04-26 In Reckoning with Slavery Jennifer L Morgan draws on the lived experiences of enslaved African women in the sixteenth and seventeenth centuries to reveal the contours of early modern notions of trade race and commodification in the Black Atlantic From capture to transport to sale to childbirth these women were demographically counted as commodities during the Middle Passage vulnerable to rape separated from their kin at slave markets and subject to laws that enslaved their children upon birth In this way they were central to the binding of reproductive labor with kinship racial hierarchy and the economics of slavery Throughout this groundbreaking study Morgan demonstrates that the development of Western notions of value and race occurred simultaneously In so doing she illustrates how racial capitalism denied the enslaved their kinship and affective ties while simultaneously relying on kinship to reproduce and enforce slavery through enslaved female bodies

Cassandra Pybus,2006-02-01 Cassandra Pybus adds greatly to the work of previous scholars by insisting that slaves stand at the center of their own history Her biographies of flight expose the dangers that escape entailed and the courage it took to risk all for freedom Only by measuring those dangers can the exhilaration of success be comprehended and the unspeakable misery of failure be appreciated Ira Berlin from the Foreword During the American Revolution thousands of slaves fled their masters to find freedom with the British *Epic Journeys of Freedom* is the astounding story of these runaways and the lives they made on four continents Having emancipated themselves with the rhetoric about the inalienable rights of free men ringing in their ears these men and women struggled tenaciously to make liberty a reality in their own lives This alternative narrative of freedom fought for and won is uniquely compelling historian Cassandra Pybus's groundbreaking research has uncovered individual stories of runaways who left America to forge difficult new lives in far flung corners of the British Empire Harry for example one of George Washington's slaves escaped from Mount Vernon in 1776 was evacuated to Nova Scotia in 1783 and eventually relocated to Sierra Leone in West Africa with his wife and three children Ralph Henry who ran away from the Virginia firebrand Patrick Henry in 1776 took a similar path to precarious freedom in Sierra Leone while others such as John Moseley and John Randall were evacuated with the British forces to England Stranded in England without skills or patronage during a period of high unemployment they were among thousands of newly freed poor blacks who struggled just to survive While some were relocated to Sierra Leone others like Moseley and Randall found themselves transported to the distant penal colony of Botany Bay in Australia *Epic Journeys of Freedom* written in the best tradition of history from the bottom up is a fascinating insight into the meaning of liberty it will change forever the way we think about the American Revolution **Mahommah Gardo Baquaqua** Paul E. Lovejoy,Nielson Bezerra,2025-04-29 A literate Muslim born between 1820 and 1830 in present day Benin Mahommah Gardo Baquaqua was enslaved in West Africa and forcibly moved to Brazil in 1845 During a trip to New York City in 1847 he escaped from his master and fled to Haiti where he converted to Christianity When he eventually returned to the United States he enrolled in New York Central College Baquaqua published his autobiography the only known narrative by a former Brazilian slave in 1854 and traveled to England with the intention of returning to Africa He apparently achieved this goal by the early 1860s when his paper trail disappears Lovejoy and Bezerra's analysis of this remarkable autobiography the only known narrative by a former Brazilian slave

illuminates what Baquaqua's home in Africa was like and examines African slavery in mid nineteenth century Brazil. It also offers an Atlantic perspective on resistance to slavery in the Americas in the era of the Fugitive Slave Law of 1850.

Embracing Protestantism John W. Catron, 2016-03-09 In *Embracing Protestantism* John Catron argues that people of African descent in America who adopted Protestant Christianity during the eighteenth century did not become African Americans but instead assumed more fluid Atlantic African identities. America was then the land of slavery and white supremacy where citizenship and economic mobility were off limits to most people of color. In contrast the Atlantic World offered access to the growing abolitionist movement in Europe. Catron examines how the wider Atlantic World allowed membership in transatlantic evangelical churches that gave people of color unprecedented power in their local congregations and contact with black Christians in West and Central Africa. It also channeled inspiration from the large black churches then developing in the Caribbean and from black missionaries. Unlike deracinated creoles who attempted to merge with white culture, people of color who became Protestants were Atlantic Africans who used multiple religious traditions to restore cultural and ethnic connections. And this religious heterogeneity was a critically important way black Anglophone Christians resisted slavery.

The Blind African Slave Jeffrey Brace, 2005-02-16 *The Blind African Slave* recounts the life of Jeffrey Brace n Boyrereau Brinch who was born in West Africa around 1742. Captured by slave traders at the age of sixteen, Brace was transported to Barbados where he experienced the shock and trauma of slave breaking and was sold to a New England ship captain. After fighting as an enslaved sailor for two years in the Seven Years War, Brace was taken to New Haven, Connecticut and sold into slavery. After several years in New England, Brace enlisted in the Continental Army in hopes of winning his manumission. After five years of military service, he was honorably discharged and was freed from slavery. As a free man, he chose in 1784 to move to Vermont, the first state to make slavery illegal. There he met and married an African woman, bought a farm and raised a family. Although literate, he was blind when he decided to publish his life story, which he narrated to a white antislavery lawyer, Benjamin Prentiss, who published it in 1810. Upon his death in 1827, Brace was a well respected abolitionist. In this first new edition since 1810, Kari J. Winter provides a historical introduction, annotations and original documents that verify and supplement our knowledge of Brace's life and times.

Moreover says May this institution building was overtly political leading to a liberal shift in mainstream Christianity and secular politics as black churches and the organizations they launched became central to local communities and increasingly influenced public welfare and policy This important new study restores a sense of the complex challenges faced by early black intellectuals as they sought a path to freedom through Christianity
