Reckoning with Slavery Jennifer L. Morgan, 2021-04-26 In *Reckoning with Slavery* Jennifer L. Morgan draws on the lived experiences of enslaved African women in the sixteenth and seventeenth centuries to reveal the contours of early modern notions of trade race and commodification in the Black Atlantic From capture to transport to sale to childbirth these women were demographically counted as commodities during the Middle Passage vulnerable to rape separated from their kin at slave markets and subject to laws that enslaved their children upon birth In this way they were central to the binding of reproductive labor with kinship racial hierarchy and the economics of slavery Throughout this groundbreaking study Morgan demonstrates that the development of Western notions of value and race occurred simultaneously In so doing she illustrates how racial capitalism denied the enslaved their kinship and affective ties while simultaneously relying on kinship to reproduce and enforce slavery through enslaved female bodies

The American Slave Coast Ned Sublette, Constance Sublette, 2015-10-01 American Book Award Winner 2016 *The American Slave Coast* offers a provocative vision of US history from earliest colonial times through emancipation that presents even the most familiar events and figures in a revealing new light Authors Ned and Constance Sublette tell the

brutal story of how the slavery industry made the reproductive labor of the people it referred to as breeding women essential to the young country's expansion. Captive African Americans in the slave nation were not only laborers but merchandise and collateral all at once. In a land without silver, gold, or trustworthy paper money, their children and their children's children into perpetuity were used as human savings accounts that functioned as the basis of money and credit in a market premised on the continual expansion of slavery. Slaveowners collected interest in the form of newborns who had a cash value at birth and whose mothers had no legal right to say no to forced mating. This gripping narrative is driven by the power struggle between the elites of Virginia, the slave-raising mother of slavery, and South Carolina, the massive importer of Africans, a conflict that was central to American politics from the making of the Constitution through the debacle of the Confederacy. Virginia slaveowners won a major victory when Thomas Jefferson's 1808 prohibition of the African slave trade protected the domestic slave markets for slave breeding. The interstate slave trade exploded in Mississippi during the presidency of Andrew Jackson, drove the US expansion into Texas, and powered attempts to take over Cuba and other parts of Latin America until a disaffected South Carolina spearheaded the drive to secession and war, forcing the Virginians to secede or lose their slave breeding industry. Filled with surprising facts, fascinating incidents, and startling portraits of the people who made, endured, and resisted the slave breeding industry, *The American Slave Coast* culminates in the revolutionary Emancipation Proclamation, which at last decommissioned the capitalized womb and armed the African Americans to fight for their freedom.

Earley, 2005-10-12 Covering 92 million acres from Virginia to Texas the longleaf pine ecosystem was in its prime one of the most extensive and biologically diverse ecosystems in North America Today these magnificent forests have declined to a fraction of their original extent threatening such species as the gopher tortoise the red cockaded woodpecker and the Venus fly trap Conservationists have proclaimed longleaf restoration a major goal but has it come too late In *Looking for Longleaf* Lawrence S Earley explores the history of these forests and the astonishing biodiversity of the longleaf ecosystem drawing on extensive research and telling the story through first person travel accounts and interviews with foresters ecologists biologists botanists and landowners For centuries these vast grass covered forests provided pasture for large cattle herds in addition to serving as the world's greatest source of naval stores They sustained the exploitative turpentine and lumber industries until nearly all of the virgin longleaf had vanished *Looking for Longleaf* demonstrates how in the twentieth century forest managers and ecologists struggled to understand the special demands of longleaf and to halt its overall decline The compelling story Earley tells here offers hope that with continued human commitment the longleaf pine might not just survive but once again thrive **Wake Up, Stupid** Mark Harris, 2014-06-10 Originally written in 1959 this is the hilariously explosive account of Youngdahl a novelist playwright ex Mormon and father of seven He is a frenzied man who is beginning a letter writing campaign to escape his curiously ironic situation and of course his profession Along with Abner Klang his not so literary agent who seems to have misplaced the F key on his typewriter Youngdahl joins forces with a Mormon bishop a TV adapter and a prizefighter among others to spearhead a comic revolution *The British Transatlantic Slave Trade Vol 2* Kenneth Morgan, Robin Law, David Ryden, J R Oldfield, 2021-12-16 Contains primary texts relating to the British slave trade in the 17th and 18th century The first volume contains two 18th century texts covering the slave trade in Africa Volume two

focuses on the work of the Royal African company and volumes three and four focus on the abolitionists struggle **Gossip and Gender** Marianne Bjelland Kartzow, 2009 This book suggests that gossip can be used as an interpretive key to understand more of early Christian identity and theology Insights from the multi disciplinary field of gossip studies help to interpret what role gossip plays especially in relation to how power and authority are distributed and promoted A presentation of various texts in Greek Hebrew and Latin shows that the relation between gossip and gender is complex to gossip was typical for all women and risky for elite men who constantly had to defend their masculinity Frequently the Pastoral Epistles connect gossip to false teaching as an expression of deviance On several occasions it is argued that various categories of women have to avoid gossip to be entrusted duties or responsibilities Old wives tales are associated with heresy contrasted to godliness in which one had to train one self Other passages clearly suggest that the false teaching resembles feminine gossip by use of metaphorical language profane words will spread fast and uncontrolled like cancer what the false teachers say is tickling in the ear and their mouth must be stopped or silenced The Pastoral Epistles employ terms drawn from the stereotype of gossip as rhetorical devices in order to undermine the masculinity and hence the authority of the opponents **Slavery in Missouri, 1804-1865** Harrison Anthony Trexler, 1914 The Literary World , 1894
