highlight its importance and provide a critical stance The book covers preschool ages and looks at children belonging to diverse ethno linguistic groups and experiencing different histories and pathways of their socio linguistic and socio cultural development and early education The languages under the scope of this handbook are identified by the contributors as immigrant languages indigenous endangered heritage regional minority majority and marginalized as well as foreign and second languages all of which are discussed in relation to early language education as the key concept of the handbook In this volume early language education will refer to any kind of setting both formal and informal e g nursery kindergarten early childhood education centers complementary early schooling etc in which language learning within a context of children s sociolinguistic diversity takes place before elementary school *The Starting School Book* Sarah Ockwell-Smith, 2020-03-05

An indispensable guide for parents whose children are about to start or have recently started school Starting school is a huge important milestone for children and their parents The best school years happen when everyone involved feels happy and engaged with the whole experience and yet with so much information to digest and so little guidance available the process can be incredibly confusing The Starting School Book is a reassuring and practical guide for parents of school age children Sarah Ockwell Smith provides clear and helpful advice for each stage of the process whether you are just beginning to think about your child s education applying for a school place preparing your child for starting at the school you have chosen or your child has already started school and you would like to help smooth the transition Specific guidance includes Starting school ages policies and procedures How to decide the best starting age for a summer born child What to look for when choosing a school and what questions to ask when you visit How to prepare your child emotionally and practically for starting school Common concerns including settling in separation anxiety friendship issues school refusal and reconnecting with your child at the end of the day Understanding your own feelings about the transition and your role in the wider school community With case studies and advice from parents who have been through it and enlightening tips from teachers The Starting School Book provides all the information you need to help your child have a positive calm and happy school experience Teaching Languages with Technology Euline Cutrim Schmid, Shona Whyte, 2014-11-03

This book draws on theories of second language acquisition SLA to illustrate how interactive white board technology can be exploited to support language acquisition It examines interaction collaboration and negotiation of meaning and focus on form in the communicative language classroom in primary secondary and vocational schools In recent years new technologies have been incorporated into second and foreign language education as tools for implementing teaching methodologies IWBs have established their role in the field of computer assisted language learning CALL and are an effective and inspiring tool which motivates both teachers and learners Although the number of IWBs in classrooms has rapidly increased over the past decade in many parts of the world teacher training materials and pedagogical support for the design evaluation and implementation of IWB based materials in the foreign language classroom has not kept pace Research also shows that language teachers do not always use IWBs in

pedagogically sound ways There is a real need for the development of training models and examples of good practice which can support teachers in developing the necessary competencies for exploiting the IWB in ways consistent with current theories of language teaching pedagogy This book provides that best practice and gives a full account of in depth research in an accessible manner

Children's Self-determination in the Context of Early Childhood Education and Services

Federico Farini,Angela Scollan,2019-06-26 This book investigates the position of young children s self determination within a range of social contexts such as education social care mass media health politics law and the family It brings to the fore the voices of the children in the present with their interests agendas and rights Based on original primary research the chapters tackle hegemonic discourses on children s self determination as well as current policies and practices They address a broad range of topics from the planning of role play to national policies from the use of digital technologies for pedagogy to children s health and well being and from democratic practices in the classroom to the preservation of traditional family values The book presents case studies to unravel how childhood and young children s self determination are constructed at the intersection with intergenerational relationships Coming from different disciplines and using a diverse range of methodological traditions the contributions in the volume eventually converge to generate a rich complex and multi layered analysis of contemporary cultures of childhood and young children s rights

Indigenous Languages Revitalized?:The Decline and Revitalization □□□□,2000-08

Endangered Languages and Languages in Danger Luna Filipović,Martin Pütz,2016-10-03 This peer reviewed collection brings together the latest research on language endangerment and language rights It creates a vibrant interdisciplinary platform for the discussion of the most pertinent and urgent topics central to vitality and equality of languages in today s globalised world The novelty of the volume lies in the multifaceted view on the variety of dangers that languages face today such as extinction through dwindling speaker populations and lack of adequate preservation policies or inequality in different social contexts e g access to justice education and research resources There are examples of both loss and survival and discussion of multiple factors that condition these two different outcomes We pose and answer difficult questions such as whether forced interventions in preventing loss are always warranted or indeed viable The emerging shared perspective is that of hope to inspire action towards improving the position of different languages and their speakers through research of this kind
