[Common Core Standards for Elementary Grades 3-5 Math & English Language Arts](#) Amber Evenson, Monette McIver, Susan Ryan, Amitra Schwols, 2013-03-12. Smart implementation of the Common Core State Standards requires both an overall understanding of the standards and a grasp of their implications for planning teaching and learning. This Quick Start Guide provides a succinct all in one look at the content structure terminology and emphases of the Common Core standards for mathematics and English language arts in the upper elementary grades. The meaning of the individual standards within each of the four ELA literacy strands and five math domains with an emphasis on areas that represent the most significant changes to business as usual. How the standards connect across and within strands domains and grade levels to develop foundational language arts literacy and mathematics learning and prepare students for success in the critical middle school years. Here teachers of grades 3-5 and elementary school leaders will find information they need to begin adapting their practices to help all students master the new and challenging material contained in the standards. A practical lesson planning process to use with the Common Core based on Classroom Instruction That Works 2nd Ed is included along with six sample lessons. **LEARN THE ESSENTIALS OF THE COMMON CORE** The grade level and subject specific Quick Start Guides in the Understanding the Common Core Standards series edited by John Kendall are designed to help school leaders and school staffs turn Common Core standards into coherent content rich curriculum and effective classroom level lessons. **Learning to Learn with Integrative Learning Technologies (ILT)** Anastasia Kitsantas, Nada Dabbagh, 2010-02-01. The purpose of this practical guide is to facilitate college students academic success by fostering self regulated learning skills or learning to learn through the use of Integrative Learning Technologies (ILT). It enables the college instructor, online instructor, instructional developer or educator to envision, plan for and implement customized instructional and curricular designs that foster learning to learn and motivate students to take ownership of their own learning. Specifically, this book demonstrates how college faculty who use Learning Management Systems (LMS) as well as emerging technologies such as Web 2.0 applications and social software can design learning tasks and course assignments that support and promote student goal setting, use of effective task strategies, self monitoring and self evaluation, time management, help seeking, motivation and affect. Given the emphasis on retention of freshmen as a measure of institutional effectiveness, the focus on student success and the increasing use of ILT in higher education, this book fulfills a dire need in the literature on the integration of technology and self regulated learning.
