The Curse of Dead Horse Canyon Marcha Fox, Pete Risingsun, 2020-07-28 In 1879 a drunken hoard of silver miners raided a Cheyenne village while the tribe's warriors hunted buffalo A small band of young braves not yet old enough to join the hunt escaped and rode for help Their efforts failed when they were discovered by the raiders who ran them over a cliff along with all the tribe's horses that had been left behind When the warriors returned and found the devastation the tribe's medicine man Black Cloud placed a curse on the site A century and a half later a scandalous Top Secret project is under construction in the same Colorado wilderness Bryan Reynolds discovers that its roots lie in the same greed corruption and exploitation of the Earth that precipitated the curse But before he can expose what he's found he's killed in a suspicious accident that his wife Sara miraculously survives Her memory of where they were or what they'd discovered however is gone Neither Sara nor Bryan's life long Native American friend Charlie Littlewolf will rest until they find out what Bryan discovered that resulted in his death Charlie is acutely aware that the only way to solve the mystery is through connecting with his indigenous roots and the grandfather spirits To do so he must return to the teachings of his medicine man grandfather His journey back to the Cheyenne way includes ancient rituals and ceremonies that guide him and Sara to the answers they seek As a descendant of Black Cloud his destiny is deeply embedded in the fulfillment of the original

curse which was triggered by what Bryan discovered Charlie's quest has only just begun A government conspiracy lies at the core of the story though this first volume of the trilogy concentrates on Sara and Charlie discovering what Bryan knew that got him killed Modern man's disregard for the environment which conflicts with Native American philosophies of animism and of honoring the Earth plays an important part Past pollution caused by 19th century mining is inherent to the story as well as contemporary activities such as fracking Various paranormal and supernatural elements including detailed descriptions of Cheyenne rituals and ceremonies such as the sacred red pipe ceremonial fasting and the sweat lodge are included The Cheyenne's name for the Great Spirit is Maheo who is referred to throughout There are numerous other worldly situations included based on the experiences of the story's Cheyenne co-author While the story is fictitious these depictions are authentic Modern technology plays a significant role in juxtaposition to traditional Native American elements Astronomy and the ancient art and science of western astrology play roles as well in helping direct Sara and Charlie to the answers they need In essence this saga's theme includes the collision of two disparate cultures and their respective attitudes toward the Earth one of which is honor the other exploitation These complexities are what expanded this story into a trilogy Native American history is touched upon but will be covered in greater detail in subsequent volumes

Jim's Book Catherine Moolenschot, 2019-02-19 Meet the man and uncover the story behind one of

Australia's most recognised brands. We all know Jim's. Maybe you just passed a Jim's Mowing trailer on the road or maybe there's a Jim's Cleaning van parked across the street each Tuesday morning or maybe your best mate is laughing all the way to the bank after quitting the city and starting his new Jim's Fencing franchise but do you know the real story behind the Jim's Group and its founder Jim Penman? Brutally efficient, socially awkward and a tireless perfectionist, Jim is as complex and fascinating as the Jim's Group. This book is a warts and all look at his colourful life that delves deep into how he ignored conventional thinking to turn a few mowing rounds into a corporate juggernaut built on always putting the customer first. Jim's unique approach revolutionised Australia's business landscape providing thousands of people the opportunity to create and grow their own businesses. Most Australians know very little about the man who created one of the nation's most famous companies. For all of his success, Jim is remarkably unassuming and approachable. In this authorised biography, author Catherine Moolenschot sat down with Jim and over one hundred people who know him from franchisees and franchisors to family friends and adversaries to get up close and personal with the surprising story of one of Australia's biggest brands and the man who made it all happen. Jim's Book tells the fascinating story of the man and the business that bears his name. Equal parts biography, history and philosophy, this book takes readers on a journey through one man's remarkable life.

Never Lose an Employee Again by Joey Coleman, 2023-06-27. A WALL STREET JOURNAL BESTSELLER. If keeping employees is a challenge for you, *Never Lose an Employee Again* offers a proven framework for increasing retention, engagement and, in the process, profits. Joey Coleman, one of the world's leading experts on employee experience, reveals practical strategies that will teach you exactly how to recruit top talent, bring them onboard successfully and keep them engaged while they produce remarkable results for years to come. Finding and keeping quality employees is one of the greatest challenges facing businesses today. With more people quitting their jobs each month than ever before and employees demanding flexibility, freedom and advancement, companies are struggling to build a foundation with new hires that leads to long-term commitment. To effectively combat the hiring crisis and remain competitive, business owners and managers must design an employee experience program that begins on day one. In *Never Lose an Employee Again*, Coleman offers a step-by-step playbook for creating a retention plan with long-term success. With more than fifty proven case studies from organizations on seven continents, Coleman details how you can forge a relationship with your people during each of the eight phases of the employee journey. For each phase, Coleman walks you through the six forms of communication integral to success: in person, email, phone, mail, video and even gifts, so you can better connect with your team. You'll learn how to write job descriptions that attract the right candidates and plenty of them; counter the hire's remorse that every employee feels; yet few businesses ever address; welcome someone on their first day in a way that will leave them talking about it years later; acclimate your people to get them up and running faster and more effectively; re-engage your existing employees to turn them into raving fans and much more. *Never Lose an Employee Again* will reshape the way you think about recruiting, hiring, onboarding and
